

JURY VISITS MINE AND SEES CASKETS.
JACKSON, Sept. 26.—Mrs. Beiores Potter, Amador county coroner, swore in a jury of 12 men, and with District Attorney Thomas G. Hegrich, took the jury to the mill of the Argonaut mine to view the dead. It was found, however, that

Highways to Be Made
MARTINEZ, Sept. 20.—Co-operating with the Federal Bureau of Roads the board of supervisors has instructed Contra Costa traffic officers to keep tabulations of traffic on all highways as part of a State-wide check being made by the Federal bureau. Traffic will be checked over a given period on all days of the week and at specified hours.

Stone, president of the Brotherhood of Locomotive Engineers, in an affidavit read at the hearing. Stone declared that while openly the railroads favored the open shop secretly they were working for the closed shop.

father would not pay more than \$3.50 a ton at the mine, even if failure to obtain coal at that price meant a continued shutdown of the factories.

of cash taken has not been determined, bank officials said.

BENEFIT WHIST PLANNED
A benefit whist party to provide funds for families of the Argonaut mine victims will be held Thursday night by the Sons and Daughters of Washington at the American Institute, 568 Eighteenth street.

SCOTS TO PLAY WHIST
The Oakland Yrard of Scots will hold a whist tournament at their hall, 529 Twelfth street, at 8:30 o'clock this evening.

FIRE DAMAGES SHOP
SAN FRANCISCO, Sept. 20.—Fire caused by a shorted wire today damaged the Granda Electrical Appliance Shop, 1309 Ocean avenue, causing several hundred dollars damage. The fire was discovered by passers by who turned in two fire alarms and the timely arrival of fire apparatus saved the place from destruction. The shop is conducted by L. Mulligan and the building is owned by H. Strok.

G. O. P. LEADERS GIVE PLEDGES FOR ECONOMY

Johnson and Richardson Are Principal Speakers At Convention.

(Continued from Page 1)

Mean party may differ on the means of carrying it out or on specific agreements.

He declared also that the state central committee should be composed of Republicans loyal to all the party candidates, and that all should work to the end that California should, under its existing laws, remain the most progressive of all states.

"I agree with the candidate for governor that the state central committee should be composed of Republicans who are loyal to all the Republican nominees," the senator stated. "Then there will be no difference between me and the candidate for governor concerning the state central committee and its functions and I hope regarding the county committees as well."

"We should all work to the end that under its existing laws California shall remain under the providence of God, progressive, the most progressive of all states."

"I realize from twelve years' experience in politics what political enemies mean, but today there should be no room in this convention for enmity nor any element of political strife."

"We meet as Republicans to dedicate ourselves to Republican success and to all those who in a fair fight won their nominations."

"We dedicate ourselves also to the State of California, to preserve that state as the premier state, as it was the pioneer state, in dealing with the men, women and children within its borders."

RICHARDSON IS FOR RIGID ECONOMY.

Friend W. Richardson declared in his address to the convention that he proposed to continue his campaign on the issue of economy and pledged himself to "save the people millions of dollars," and announced he had no future or higher ambition than to be governor of California and to serve the people well and faithfully.

"I propose to continue my campaign on the issue of economy and pledge myself to save the people millions of dollars, to cut off all unnecessary expense, to abolish unnecessary offices and to give the people an efficient and business-like administration without hampering any business, educational or benevolent function," he said.

The loyalty of the chairman of the state central committee to the party candidates must be unquestioned, Richardson said, while the state committee itself should be composed of men who are ready and willing to support the nominees regardless of what may have been their attitude before the primary.

"As each of the candidates has gone forth in his own platform and on varying platforms," he said, "the position in which this convention finds itself in forming a platform is rather peculiar, but I hope an enlightened progressive and strongly Republican platform may be agreed upon."

"The matter of selecting a state central committee is one of importance. This committee should have at its head a man who will support all of the candidates and who will see that no favoritism is shown between the various candidates of the Republican party. His loyalty to all the candidates must be unquestioned."

PLAYERS IN PLATFORM ARE FOR STATE SAVING.

The platform declared that the social and economic legislation of the last decade had been justified in practice and had made California a pioneer and leader in humane legislation and pledged the party and its nominees to safeguard the accomplishment. The direct primary, referendum and recall were mentioned in this regard.

The Fordney-McCumber tariff, according to the platform, has given protection to the products of California by equalizing the cost of production here and abroad.

In regard to economy, the document pledged the party "to an economical and efficient administration, to such a substantial reduction of the present heavy cost of government as may be consistent with the continuance of the progressive policies which he (Richardson) has helped to formulate and that have done so much for the welfare of the state of California."

"The so-called 'gentlemen's agreement' with Japan has been demonstrated to be ineffective," said another plank. "The party and its nominees will insist upon the termination of this agreement."

Three "Little Theaters" Are Sponsored By Berkeley Folk

Active Season With Productions in Which Highest Forms of Art Is Announced

BERKELEY, Sept. 20.—Berkeley's efforts to become the center of things artistic on the Pacific Coast are bearing fruit. With the fall season hardly under way three "Little Theaters" are arising to claim attention within the confines of the college city.

An active season with productions in which the highest forms of art will be exemplified is announced by all three organizations. Here are the artistic bodies claiming attention:

Codornices Club Little Theater, with Codornices Clubhouse, Euclid avenue and Euclid street, as setting and Mrs. Herbert Sanford Howard as director.

Burnham players, Hotel Claremont, Roger Burnham, sculptor, and Mrs. Roger Burnham, dramatic director, in charge.

University of California Little Theatre, Hearst Hall.

The Codornices Club announces its first program for this evening with "Niobe," a clever comedy in three acts, will be given by a group of talented players ranging from college professors to high school maids. Miss Richenda Stevick plays the title role. Some of the artistic folk interested in the club are Frederick Maurer, composer pianist; Antonio de Grassi, violinist; Edward Maybeck, artist; Emil Grebs, artist; Dr. Arthur Weiss, cellist; Mrs. Clarence Page, vocalist; Mrs. John Lofquist, vocalist; A. B. Schuster, writer; Frank E. Thompson, Dickens impersonator; Roy Harrison Danforth, music critic, and Gilbert Sully, scenic artist. On the reception committee for the first program are announced Mrs. Elinor Carlisle, Mrs. Emil Grebs, Mrs. Frank C. Thompson and Mrs. A. J. Meyer.

Saturday night at the Hotel Claremont the "Little Theater" movement sponsored by the Roger Burnhams will be given impetus with a dinner planned by the Chamber of Commerce of the college city as welcome to the artistic couple who recently came to Berkeley to make their home.

On the campus Baldwin McGaw is director of the University Little Theatre, which claims its support chiefly from college students, but also has an audience within the remainder of the city. Among the gifted young Thespians making up the personnel are the Misses Bernice Brown, Florence Ivanoff and Lois Austin.

TRIBAL REVOLT PERILS TOWNS ON EGYPT BORDER

Wahibi in Outbreak, May Require Artillery to Halt Rebellion.

(Continued from Page 1)

to seek shelter and remained to help the Armenian refugees.

News that Kemal's army was still moving slowly northward led to renewed fears here that the Turk leader might disregard the advice of the French and measure his strength with the British at Chanak.

Fears were felt in some quarters that Kemal might be moving up artillery to attack the British from Esine, 62 miles southwest of Chanak, and Bigha, 48 miles east of Chanak. However, Kemal has not yet revealed his plans and it is not known definitely what he intends to do.

CHRISTIANS FLEEING CONSTANTINOPLE.

CONSTANTINOPLE, Sept. 20.—(By United Press.)—Christians, fearing a repetition of the horrors of Smyrna, fled by the thousands today as the Kemalists were reported drawing nearer their former holy city. Greeks hastily gathered their possessions and besetted the embassy for passports. They left the city by every available means.

Mustapha Kemal, according to reliable reports received here from Smyrna, has left that stricken city and is now in Nicomedia, near Izmid, which is 50 miles from Constantinople.

The Turkish cavalry, according to word received here, has reached the outskirts of Bigha, on the edge of the neutral zone. Kemalists are known to be on duty near Chanak where the British are entrenched. The Greeks and other Christians believe they have these two alternatives—death or departure.

No amount of reassurance from

the allied forces here could stay the exodus.

To add to the confusion, thousands of Greek refugees from outlying territory, were rushing through the city.

Commanders of the Greek forces here were none too sure of the loyalty of their troops.

There were frequent reports of mutinies.

LONDON, Sept. 20.—(By International News Service.)—Premier Lloyd George cut short his vacation this afternoon and returned from his country estate to preside at a ministerial conference at 6:30 o'clock.

SMYRNA, Sept. 19 (By the Associated Press).—American and British insurance experts estimate the total property loss in Smyrna at \$150,000,000, only \$60,000,000 of which is covered by insurance. British underwriting companies will bear the brunt of the loss. The American property loss is placed at about \$12,000,000, the greater part insured.

It is impossible to estimate the loss of life. Most American observers agree, however, that fully 2000 perished in the flames. Those who were killed by Turkish irregulars seeking valuables or vengeance probably number several hundred. No cautious man would venture to say how many were deliberately massacred, and it is undeniable that there were wholesale deportations. The fate of these unfortunate can only be conjectured.

Delegates Pay Mark of Respect To Dead Miners

SACRAMENTO, Sept. 20.—As a mark of respect to the 47 men who lost their lives in the Argonaut mine strike, the delegates to the Republican state convention stood yesterday, while Governor William D. Stephens told of the tragedy and extended sympathy to the surviving relatives on behalf of the convention. Governor Stephens said:

"The people of California and the nation today stand with bowed heads before the most awful catastrophe known to the mining history of this state. Since the morning of August 27, when the story was flashed from Jackson that the Argonaut mine was on fire and 47 men were entombed, thousands of feet below, the horror of it was succeeded by the hope and prayer that the Almighty in His providence would spare the lives of these men."

"We have watched from day to day for twenty-one long days, the magnificent battle which has been waged for their rescue by their brother miners. For physical endurance and sublime self-sacrifice the men who have fought this fight in the face of great difficulties and hazard of life challenge the admiration of the world."

"But their splendid efforts have been in vain, and we can only turn to the living relatives and extend to them our expressions of the deepest sympathy in their hour of bereavement and pray that God in infinite love will give them courage and fortitude to bear their great loss."

Prohibition Party Asks Enforcement

SACRAMENTO, Sept. 20.—A demand that sympathy with the prohibition law be a requisite for the personnel of the force to carry out the provisions of the law and that the enforcement machinery "be not cluttered and clogged with salary grabbers and grafters who desire to see such law nullified."

The platform also urged that appointments to the prohibition enforcement forces be no longer used as pawns to pay political debts due war heaters by successful political parties.

Support of the Wright enforcement law was urged, while another plank condemned "the camouflage of the issue by light wine and beer advocates" and declared the definition of 3% of 1 per cent alcohol in the Volstead law to be identical with that used by revenue and other governmental officers for the last sixty years.

The platform demanded that the President of the United States order the shipping board to rescind its ruling making "floating saloons" of American vessels and remove its members if they refused, replacing them with "100 per cent American parties."

The party favored a national law providing for the deportation of aliens convicted a second time of violation of provisions of the constitution and cancellation of naturalization papers and deportation in the case of naturalized citizens.

One Slain, Three Fired On by Maniac

BY UNITED PRESS.
LEASSED WIRE TO TRIBUNE.
SPRINGFIELD, Wash., Sept. 20.—August Bojorn, a boy, was shot and instantly killed; his father, Joe Bojorn, was shot and probably fatally wounded; Alfred, a brother, was wounded in the arm, and the mother of the family was fired upon last night by a maniac at a ranch five miles from Wilson Creek, near here. The assailant escaped.

Corns Go Blue-jay to your druggist

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in a colorless clear liquid (one drop does it) and in extra thin plasters. The action is the same.

ALAMEDA TAX RATE FIXED AT \$2 BY COUNCIL

Reasons Given For Increase of Six Cents Above Last Year's Levy.

ALAMEDA, Sept. 20.—The tax rate for the city of Alameda was set at \$2 by the city council last night. This is an increase of 6 cents over the rate set last year. The following statement explained the action of the council was prepared by City Manager C. E. Hickok.

The tax rate of the City of Alameda for 1922-23 has been set at \$2, a raise of 6c above the rate of last year, which was \$1.94. This raise in tax rate means an increase in amount of money raised by taxation of \$15,490 over what was raised by taxation last year.

Amount of money raised by taxation this year . . . \$449,074.89

Amount of money raised by taxation last year . . . 423,584.00

This increase in the tax rate was kept small in spite of the fact that there were several abnormal increases in expenses which had to be met this year.

"Salaries—The salaries of all city employees were raised to their former basis, which means a difference of 10 per cent of the payroll, or \$25,700, per year. This would have made a difference of 11c in the tax rate. However, the citizens demonstrated that they were willing to pay this added tax rate rather than have the salaries cut.

"Fire and Police Pension Funds.—The city council in this budget has inaugurated a system to place the Police and Fire Pension Funds on a real actuarial basis. Heretofore these funds were not scientifically administered. They were largely maintained by assessing the firemen and policemen two per cent of their salaries. From an actual standpoint the City of Alameda would have found itself within a few years in a most embarrassing position. A scientific investigation and report of Alameda's problem was made by a leading insurance and actuarial expert, Wm. Leslie, of San Francisco. This report shows that the City of Alameda has already, through its unsound administration of its pension fund, incurred a liability of \$186,696.00. It also shows that in the future it must make a certain definite contribution to these funds in addition to the 2 per cent of salaries paid by the firemen and policemen. To take care of the past deficiencies in these pension funds the city must set aside annually for 30 years at 4 per cent interest a sum not less than \$8348. To take care of the future obligations of the city, based upon the present personnel of the departments, it is also necessary for the city to appropriate an additional sum of \$4795, in this year's budget. The total sum provided in this year's budget for these pension funds and kept inviolate from any other city uses. It will be put out at not less than 4 per cent interest, and administered along correct actuarial lines. If this system is continued by succeeding councils, the pensions of the men will not be jeopardized, and the city will not run on to the financial rocks. Otherwise, trouble is bound to occur.

"School Departments.—The school department is given \$68,000 as of last year, an increase of \$22,000.

"Election.—A municipal election occurring next spring, an appropriation of \$3500 had to be provided for which was not necessary last year.

"Street Department Equipment.—It was necessary this year to purchase a new caterpillar tractor for

the resurfacing of the streets. The cost was \$4645.

"West End Library.—An increase in the library fund of \$4000 was necessary due to the new library building at the Webster street branch. This branch will be housed in a new building, formerly the Regent Theater.

"Franklin Park Purchase.—A payment must be made this year upon the Franklin Park purchase, amounting to \$2,766.67. There is required at the new park, a well, pump and tower, costing \$3200. In addition there are other added expenses due to laying out, planting and equipping this new park and playground amounting to \$2500. The total added to the budget on account of this park is therefore \$8466.

"New Health Center Building.—A new health center building will be constructed this year at a cost of \$30,000. This amount however will be obtained from the dividends of the municipal electric plant and therefore will not affect the tax rate.

"Tax Rate.—In spite of the added expenses as enumerated above, which in the aggregate amounts to \$55,659, and which would warrant the raising of the tax rate 25c, or to \$2.19, the council has succeeded in keeping the tax rate down to \$2, a raise of only 6c.

Child Star's Mother Sues For Alimony

SAN FRANCISCO, Sept. 20.—Mrs. Catherine Butterfield, mother of Virginia Butterfield, four-year-old moving picture performer, has petitioned in the local courts to have her former husband, Albert F. Butterfield, pay \$30 a month for her support and that of the child. The petition was taken under advisement until Friday by Superior Judge Cabanis. The Butterfields separated two years ago. As soon as the case is settled the four-year-old movie artist will go to Los Angeles with her mother to enter seriously upon her screen career.

Women Make Record Trip in Automobile

SAN FRANCISCO, Sept. 20.—While said to be a woman's record trip by auto from San Antonio, Texas to the local Presidio, was completed yesterday by two army women. Although they were major on the Colorado desert for a day and a night they made the trip in 118 hours, 45 minutes. The trip was made by Miss Margaret Hasset, daughter of Captain Charles Hasset, and Miss Dot Witsell, a native of Texas.

15 Billion Warriors

There are 15,000,000,000 white cells in the cubic inch of blood in the human system. The white cells build up the body and preserve it. They are the staunch, friendly little warriors that fight off the invading army of disease germs that menace the system from the cradle to the grave.

Olive Oil increases the number of white cells and thus helps build up the body and send the rich blood of perfect health coursing through the veins.

Taken internally, or as a massage, the human system absorbs the life-giving qualities of this perfect food and often brings to weak, run-down, nervous systems the exhilarating feeling that comes from physical strength and mental courage.

Use Sylmar Olive Oil for this treatment and watch the amazing results that often seem just like magic.

SYLMAR Olive Oil

Sylmar Packing Corporation
Chas. C. Moore, Pres.

FATHER OBJECTS TO LEAVING HIS HOME

"John, dear, don't you think we should go to the concert this evening? Really, it is shameful the way we are neglecting the affairs of our music club."

"Aw, I'm all settled now with the paper, and I'd rather be shot than go out."

"John, I am afraid we're getting old. We stick around home like a couple of folks 80 years old, and if we do go out we get bored to death and sleepy about the time the party starts. I think we should make an effort to go out more."

"Well, I notice you've got into your slippers and seem pretty well settled for the evening. I'll bet you aren't so keen on dressing and going out tonight, either?"

"Oh, I admit it. I'm just protesting, that's all. I think people should make an effort to keep young, and John, we're not 45 yet. We must not get in a rut so early in life."

"You're right, as usual, Mother. Well, what will we do? Attend all the dances with the youngsters, or what?"

"No, not that. But why not plan to go to a theater, or some sort of party or something two nights a week? Maybe we would rather stay around home and read and sew and all that, but let's force ourselves out more. I will get me a couple of new dresses and a hat and you must get a new suit and overcoat and we will start out. Our friends will start inviting us, too, if we don't brace up."

"All right, dear, but can we afford all those new clothes at once?"

"Of course, dear. Don't forget Cherry's. They allow one to have six months to pay, you know. We wear clothes while paying for them."

Cherry's store for women is at 515 Thirteenth street; the men's store, 528 Thirteenth street.—Advertisement.

WHITTHORNE & SWAN, WASHINGTON ST. AT 11TH

SOCIALISTS ARE OPPOSED TO ANY U. S. INJUNCTION

Party Convention of State
Denounces Daugherty's
Strike Action.

SACRAMENTO, Sept. 22.—The
Socialist party convention of Cal-

ifornia yesterday denounced the Daugherty strike injunction, condemned the use of the injunction as a weapon in labor disputes, and the attitude of the Republican and Democratic parties toward organized labor, and urged labor to "resist these grave attacks at their life by every legal means within their power."

The resolutions declared that the Daugherty injunction was a culmination of the "general policy of the Harding administration, to crush organized labor and make the labor movement of America subservient to the interests of big business."

PLANS IN PLATFORM.
The platform asserted that "the dates to support the proposed big capitalist interests, through the United States Chamber of Commerce and the Merchants and Manufacturers Association," began

in 1919 a campaign for cheap food, cheap labor, the disruption of organized labor and the suppression of free speech and civil rights, seeking to get work done and goods produced so cheaply that they could secure a permanent hold on the markets of the world and still retain fabulous profits to satisfy their insatiable greed. Small business men, farmers and wage workers had to sacrifice their liberty bonds at a loss as a result, according to the platform.

PLEDGES OF SUPPORT.
The platform pledged the candid California water and power act, national and state employment of the unemployed, national and state ownership of the banking system, a state marketing system, unrestricted right of labor to organize, unconditional restitution of rights of free speech, press and assembly, abolition of military instruction in schools, state fire, life, and accident insurance, including provisions for maternity, old age and childhood, proportional representation in the state assembly, abolition of the state senate, abolition of the power of the courts to nullify legislation, and recommended making the railroad commission elective.

Opposition to increasing the number of signatures to initiative referendum and recall petitions also was voiced in a resolution. Cameron H. King of San Francisco was elected chairman of the state central committee and Mrs. Addie M. Benedict, secretary.

From an old motorcycle engine a suction pump may be readily constructed.

Democratic Leader for Dry Act Modification

SACRAMENTO, Sept. 20.—Although the Democratic candidate for governor, Thomas Lee Woolwine, declared himself yesterday in favor of light wines and beer and a modification of the Volstead Act, only one of the four state conventions held at the capital yesterday directly mentioned the prohibition question. That was the prohibition party itself.

In his address Woolwine denounced the Ku Klux Klan, the labor of children in factories, and spoke in favor of the veterans' welfare act. He also endorsed all efforts of the state of California to restrict the immigration of Japanese and other so-called "ineligible aliens." He declared for a policy of "wise retrenchment" in the cost of the state government.

Woolwine spoke, in part, as follows:
"I cannot be denied that the expense of running the state government has increased by leaps and bounds to such an extent that the people of the state are now carrying a burden that is fast becoming unbearable. Governments as well as individuals, may become extravagant, as governments are only collections of individuals, and extravagance may be carried to the point of bankruptcy if not checked. If elected governor of this state,

it is my intention to use every power at my command to retrench to the utmost, having in mind all that is honorable, and to be consistent with the welfare and progress of our state should be sacrificed for the purpose of making a false display of economy."

WOULD REWARD VETERANS.
"There is nothing within the power of the people that can ever adequately compensate or properly reward the soldiers and sailors of this country for their valor or the privations and sufferings which they endured in defense of the ideals of our great republic. Some measure of appreciation is contained in the state and national legislation now pending for their relief, such as the proposed soldiers' bonus and land settlement act. I am heartily in favor of these and any other measures, within reason, as part payment for the debt of gratitude we justly owe them."

"I am against any and all measures that might tend to weaken or destroy the effective operation of the initiative and referendum."

"I recognize the right of collective bargaining for both capital and labor."

"At this point it might be well to state that I am heartily in favor of every humanitarian measure now upon the statute books, such as the workmen's compensation act, the industrial accident commission, the eight-hour law for women, the minimum wage law for women, the immigration and housing law and like measures."

"The minimum wage for women should at all times be fixed at a figure in keeping with the advanced cost of living."

"I am also in favor of state controlled free employment bureaus and the suppression of all unreliable and unscrupulous private labor employment agencies."

AS TO CHILD LABOR.
"In a recent issue of the Literary Digest we are informed by Secretary Herbert C. Hoover that there are now employed in the United States one million children between the ages of 10 and 15 years. This commercializing of the minds and bodies of the little children of the nation should be made impossible by proper legislation, both state and national, and if necessary, by an amendment to the constitution of the United States."

"I am in favor of state aid in irrigation and reclamation of waste lands and advocate every proper measure for the encouragement and protection of agriculture and horticulture."

"The highways of the state have, in large measure, become the arteries of trade and commerce as well as avenues of passenger transportation. Every attention should be given to their extension and proper and economical construction and maintenance."

"Every citizen of California who is temporarily absent from the state on a day of election should have the right to cast his ballot notwithstanding such absence, and I am therefore in favor of a system of absent voting, under proper legal safeguards."

"The ownership of the soil of a country is a sacred privilege that should not be surrendered to aliens who can never become a part of our national life. I am therefore opposed to the occupation by Japanese or any other Mongolians ineligible to citizenship, of a single foot of California soil wherever such occupation violates any law of the state of California or treaty between the United States and Japan."

"Religious liberty and the right to be secure in our persons and property are fundamental principles of Americanism. I am therefore unalterably opposed to any organization such as the Ku Klux Klan, which arrogates to itself the powers and duties of duly authorized officers of the law and to the so-called oaths of such organizations inconsistent with the consti-

tution and the laws of our country."

VOLSTEAD ACT VIEWS.
"I have been asked time and time again to express myself on the question as to whether or not there should be a modification of the Volstead act, so as to permit the sale of so-called 'light wines and beer.'"

"An overwhelming majority of the people of this state expressed their unqualified disapproval of the Volstead act by defeating the so-called Harris enabling act only two years ago."

"With the passage of the Volstead act I had hoped that crime would decrease, but to the regret of all law-abiding citizens they are confronted by not only the deplorable conditions herebefore enumerated, but with courts clogged with an alarming increase in crime and over-crowded jails and penitentiaries."

"Against these intolerable conditions, herein related, I am conscientiously impelled to take my stand with the majority of people of this great state as expressed in their vote of two years ago, and with former President Wilson, Associate Justice Charles of the Supreme Court of the United States, former United States Senator Jas. D. Phelan and others, and now declare that I favor a modification of the Volstead act as to permit the use of light wines and beer as beverages, under proper governmental supervision as to strict purity of product and sale."

"It has been said that this is not an issue in this campaign, but it is an issue and cannot be evaded if the Wright act should fall of passage and the legislature should pass a similar enabling act it would become the duty of the governor of this state to either veto or approve such a measure."

"I feel no hesitancy in saying that if the Wright act should pass and I should become governor of this state, I would use every power at my command in an effort to strictly and unyieldingly enforce the same."

DEMOCRATIC PLATFORM.
After deploring the "lack of principle, leadership and wisdom" in the national administration, and paying respects to former President Woodrow Wilson, the platform declared in favor of a policy of "international co-operation as opposed to a policy of isolation." In this connection the attitude of Senator Johnson was assailed.

Adjusted compensation and the care and rehabilitation of those incapacitated in the service was read for former service men.

"We regret to record the failure on the part of the present national administration to redeem a single promise or pledge." The platform said in reference to the Harding administration. Alleged failure to prosecute war profiteers was also cited as a shortcoming of the national administration. "The failure to enforce the purity of

election law" in the disgraceful Newberry case" also was mentioned.

Regarding state affairs the resolutions deplored the waste of public funds in faulty highway construction, and then endorsed the movement to prevent holding of land by "all Japanese and other Mongolians ineligible to citizenship."

Economy in the conduct of the state government was urged as a party policy. The resolutions pledged a "watchful defense

against encroachment upon the strength or the sanctity of the initiative and referendum."

"Child labor cannot and will not be permitted to exist in state or nation under Democratic administration," the platform said. Humanitarian laws of all kinds were endorsed. Irrigation of arid lands and measures for the protection of the farmer and the fruit growers of California also were endorsed, as was the proposition of a minimum wage for women "in keeping with the advanced cost of living."

Her Own Life

A Novel of a Modern Woman's Search for Freedom
Begins in October—Now on Newsstands

HER father was her only friend—he died when she was twelve. Her unsympathetic mother did her more harm than good. So, at sixteen Lilla Vance has found out for herself more than most married women know. Over many rough places, she works out her own life in her own way. For older girls—for some men, married and unmarried—for all mothers and fathers—a story to weigh most carefully—is Robert Herrick's new novel just starting.

The Vitamin Craze

Vitamins clamor from advertisements in reputable newspapers—bellow from subway advertising cards—shriek from sky signs on Broadway. Yet a bit of bread and milk, half an orange, carrots or tomatoes will give you all the vitamins you want. Read about this astounding hoax in "Doctors and Drug-Mongers" by Paul H. De Kruiff, Ph. D. late of the Rockefeller Institute now running in Hearst's International.

Robbing the U. S. Censor

It's a strange trick in the combination against liberal thought that forces a U. S. Senator to go to Ford's paid agents to see a U. S. Government official report about himself! See Norman Hapgood's "Inside Story of Henry Ford's Jew-Mania" in October Hearst's International.

The Man who didn't Play Fair

By WILLIAM MCHARG

It is easy for a husband to become involved with another woman. His wife's part is less easy. Is it braver for a wronged wife to follow the traditions and destroy her home—or to fight for her rights and refuse to allow an immoral girl to tear down what she has built up?

The World War on Booze

Will Europe be dry by 1950? Twenty-five years ago most of us laughed at the idea of America going dry. Now, our prohibitionists, Frazier Hunt tells us, plan to make all Europe dry within the next thirty years. But the "Wet" interests of Europe are all ready for a terrific fight. Read about it in Hearst's International for October.

Your Grandson in 1972

—won't know what a "strike" is. He will work only three hours a day. He will have his own private aeroplane! He will get his electricity direct from the sun. BUT—will he really be any happier? Read Guglielmo Marconi, the great inventor, on the miracles that Science will do for the world in the next fifty years.

I Saw Him Crucified

By A. CONAN DOYLE

As told by the junior centurion on duty at Mt. Calvary. A new side to the creator of Sherlock Holmes. In his more serious mood, he writes of world famous historical episodes with the vivid interest found in his modern detective stories. And next month starts a new novel by H. G. Wells.

Eight
Short Stories

Four Novels

WOMEN OPPOSED TO POWER ACT

A meeting was held yesterday in the Hotel Oakland by women of the county interested in the defeat of the Water and Power Act, Amend-

ment 19, to appear on the November ballot. The meeting was presided over by Miss Mollie Conners, chairman of the Alameda County Women's Committee Against the Water and Power Act. Twelve cities of the county were represented at the meeting. Mrs. C. S. Chamberlain, vice-chairman of the committee, reviewed the alleged pernicious features of the amendment and led the way in planning additional help to the already active campaign against the bill. Among the speakers were: Mrs.

Lucy Barker, Mrs. Charles Spinks and Mrs. George Oakes. Mrs. H. J. Platts presented the following resolution: "Resolved, That we consider the Water and Power Act most dangerous to the interests of the State, and we hereby pledge ourselves to use our best efforts to defeat it." The resolution was unanimously adopted by a standing vote. A large meeting will be called for next week, when representatives from various parts of the county will assemble, to report progress in the campaign for defeating the act.

U. C. SCIENTISTS SEEK DATA ON MEXICAN SEALS

Expedition in Which U. C. Is Interested Is Doing Research in Islands

BERKELEY, Sept. 20.—University of California faculty members devoted to biological research are graphing with interest the report of an expedition which is seeking scientific information regarding the animal and vegetable life in a number of Mexican islands. Remote and uninhabited Guadalupe Island, which lies 150 miles off Lower California, was one of the nine Pacific isles, under Mexican control, visited recently. The expedition was sent out to determine the present condition of large marine mammals in that section. The expedition left last July and was sent by the Committee of Conservation of Marine Life of the Pacific and the Mexican Government, aided by the California Academy of Sciences, the San Diego Natural Research Council, the Scripps Institution for Biological Research and the National Geographic Society. One object of the trip was to determine whether the Mexican islands still were the home of the elephant seal which formerly lived in those waters in great abundance but which was believed to have been exterminated in the last decade. A considerable herd of the elephant seals was found off Guadalupe. Guadalupe Island is volcanic origin, is very rough and mountainous and very barren. Goats placed on the island many years ago are now very abundant and as wild as mountain goats. They have proved very destructive to the native flora and fauna. Of the 140 species of plants recorded from this island it is believed that all but about 40 have been exterminated by the goats. The few species that are left are trees which the goats cannot very well get at. But even these species are doomed because no young plants are able to survive, the goats eating them before they have obtained any size. So, when the present old trees die, as they must sooner or later, those species too will become extinct on this island. An old fur-seal rookery was examined on which it was estimated there must have been more than 100,000 animals when the herd was at its height. No fur seal were found by this expedition and it is probable the species is now extinct, at least on Guadalupe Island. Very interesting data were secured regarding the animals and plants on and about the other islands visited, and large collections of natural history specimens were obtained.

Berkeley Hotel Man Will Wed Student of U. C.

MISS BETTY ALLEN BURNS, University of California student, who will forgo college studies to become Mrs. Frank R. Wishon of the college city.

BERKELEY, Sept. 20.—Wedding bells will ring within the next fortnight for Frank Rowntree Wishon, hotel man of Berkeley, and Miss Betty Allen Burns, attractive student at the University of California. News of the engagement has just reached their friends and is causing a shower of good wishes to descend upon them. Both Wishon and Miss Burns are members of representative California families and claim many friends in the southern part of the state as well as in the bay section. Miss Burns is the daughter of Mr. and Mrs. E. J. Burns of Coronado and a former student at National Park Seminary before coming to Berkeley to attend college. At the university she is affiliated with the Delta Gamma Sorority. Wishon also is a former student at the University of California and is a member of the Phi Delta Theta fraternity. He gave up his college work a year ago to assume the management of the Hotel Whitecourt. He is the son of Mrs. W. W. Whitecourt, who, with her husband, owns a chain of big hotels in the state. The wedding is planned as an event of the next two weeks, the definite date still to be decided upon. It will be quietly celebrated with only members of the two families and close friends as guests. Miss Burns plans to give up her college work and has taken a leave of absence from the university. In honor of Miss Burns, Miss Carolyn Rodolph entertained at a luncheon this week at her home in Oakland. Guests were Mrs. W. S. Gibbs Jr., Mrs. Harold Haver, Mrs. Charles T. Rodolph, Misses Leoline Brown, Helen Conroy, Adelle Robinson, Vivienne Baxter, Elizabeth Ten Eyck, Laura Pearl and Janet Brown.

FRANDSEN ASKS RECOUNT OF VOTES

The second contested nomination at the recent primaries is on file in the Superior court today with the institution of a suit by Alex. Frandsen, defeated as a candidate for the position of constable in Brooklyn township, which asks for a recount.

alleging irregularities in the votes cast for W. C. Allen, Thomas D. Carroll, William A. Martin and William H. Parker. The contest, like the one filed by John C. Mattos Jr., contesting the nomination of Supervisor Tom E. Knox to succeed himself, will come up before Superior Judge Joseph Koford within eight days, when it devolves upon Presiding Judge T. W. Harris to appoint one or more judges to make the recount within three days thereafter. All expenses of the recounts must be borne by the contestants. In the present contest Frandsen claims errors and votes illegally counted for his opponents, in that

in some cases there was five candidates voted for, instead of four, and that in other cases the ballots were marked on the line, but counted for one of his opponents. Persons not qualified to vote were also allowed to cast ballots, it is affirmed. The irregularities, it is maintained, occurred in Precincts 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251 and 252. The recount is asked on the basis of official returns certified to by County Clerk George Gross, which credits the candidates with receiving the following vote: Allen, 4744; Carroll, 8149; Martin, 3253; Parker, 3535, and Frandsen 3237.

INITIAL DISPLAY of Our Fall Collection ORIENTAL RUGS

Mr. G. J. Najarian, after weeks of patient scrutiny of many thousands of Oriental rugs, has selected 1000, which represent the best traditions of this ancient craft.

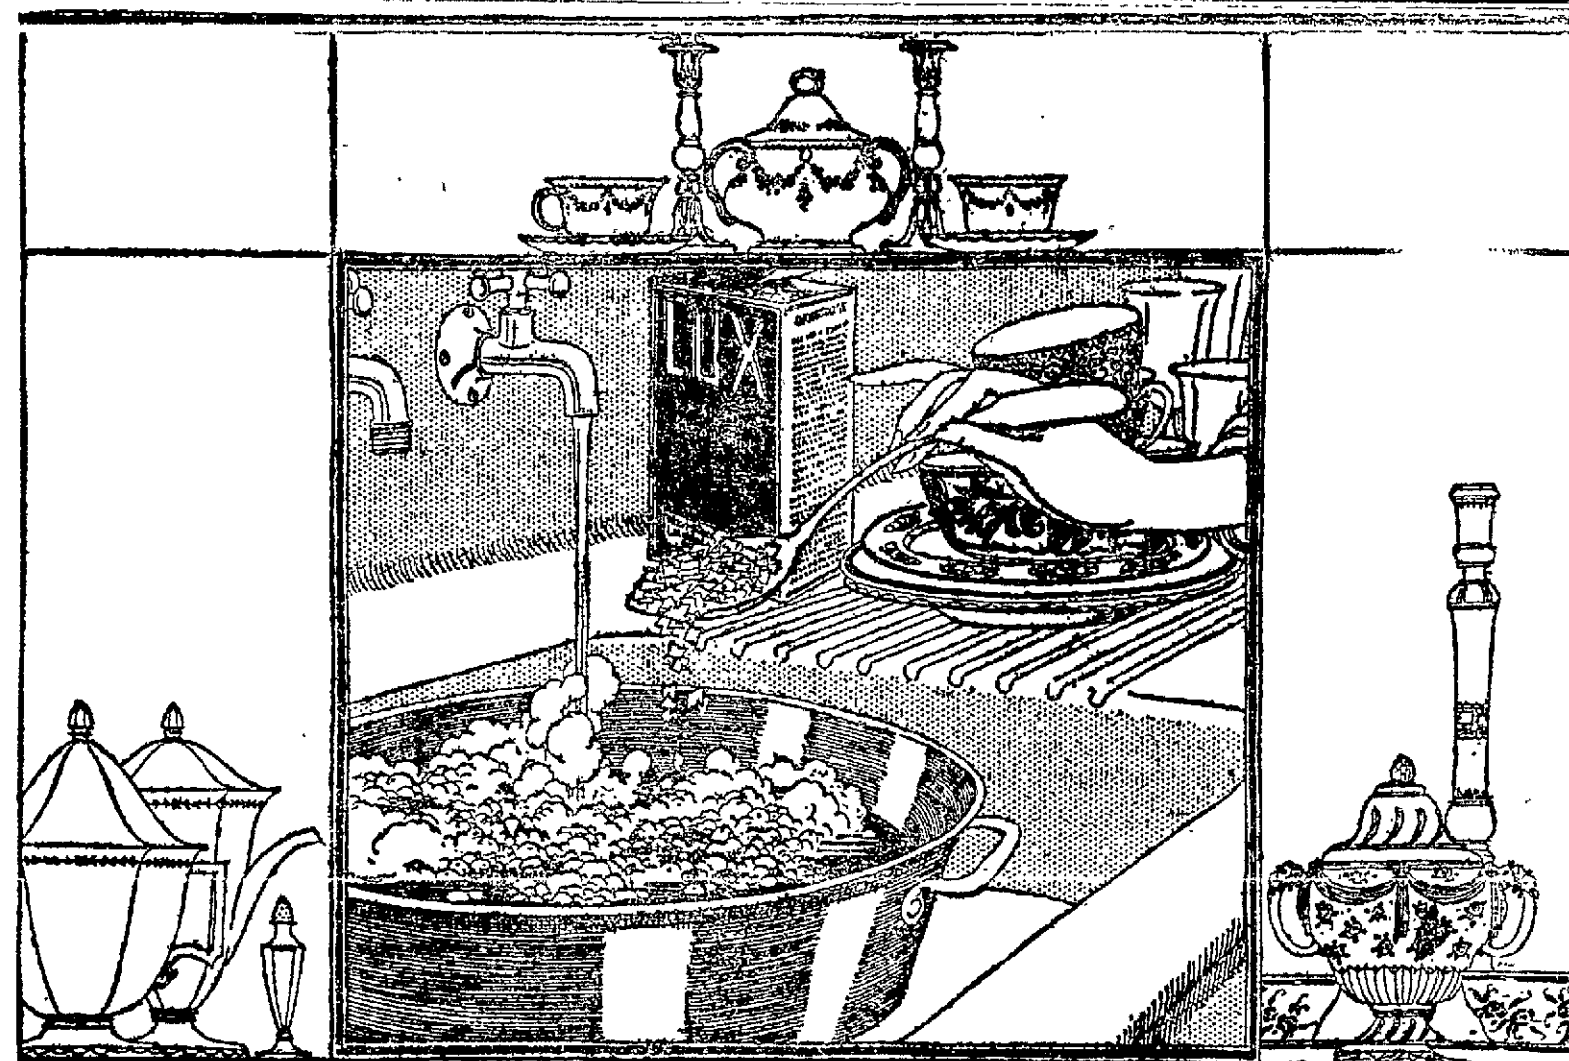

These rare treasures of the Orient, exquisitely beautiful in pattern and coloring, and with that quality of material, dyes and workmanship which only the finest of Oriental rugs possess, will have their first showing beginning September 21.

These new specimens range from mats to the largest room size, and represent the finest specimens from each of the rug-weaving districts.

Their prices, quality considered, are lower than you will find elsewhere in California. Side-by-side comparison in your own home with ordinary "commercial" rugs, even at "sale" prices, will convince you that these newest Najarian selections are unequalled in value.

See them while the selection is complete.

JUST ONE TABLESPOON

A single package does 44 washings
—all the dishes for more than 2 weeks

For the average family of 4 or 5 persons just one tablespoonful of Lux—a whisk in the hot water—and you have the richest, most cleansing lather you have ever had for your dishes.

Women themselves discovered this use for Lux. Women who for years had been getting such satisfaction from Lux for silks and woollens tried it for washing dishes.

Thousands of letters have come in to us saying that Lux suds leave your china beautifully clean and at no cost to your hands, and asking us why we never mentioned it.

Lux contains no free alkali. It is as gentle upon the skin as fine toilet soap.

Begin using Lux today for dishwashing. One box will last 44 dish-washings—more than two weeks. Lever Bros. Co., Cambridge, Mass.

Lux won't redder or coarsen the hands. Leave them for good of that three-times-a-day-in-the-dishpan look.

LUX
FOR WASHING DISHES

Lux leaves your glassware sparkling, without a trace of soapy film—your silver lustrous, your china spotlessly clean.

ITCHING BURNING ECZEMA ON SCALP

In Pimples, Formed Hard Crust, Hair Fell Out, Cuticura Healed.

"I had eczema on my scalp. It broke out in little pimples which formed a hard crust. My scalp itched and burned so badly I was up half the night. My hair fell out terribly and I could not comb it. This trouble lasted about three months before I sent for a free sample of Cuticura Soap and Ointment. I bought more and I used two boxes of Cuticura Soap when I was healed." (Signed) Miss Gertrude Harrington, 1010 Delaware Ave., Butte, Mont.

Cuticura Soap to cleanse and purify. Cuticura Ointment to soothe and heal. Cuticura Talcum to powder and perfume are ideal for daily toilet purposes.

Sample Each Free by Mail. Address: "Cuticura Laboratories," Dept. B, Malden 48, Mass. Sold every where. Sample Ointment and Talcum Free. Cuticura Soap always without charge.

SONS OF NOTED MEN WIN.

MINNEOLA, N. Y., Sept. 20.—Two sons of men who were internationally prominent were nominated without contest by the Republicans at the primaries yesterday. Robert L. Bacon of Westbury, son of the late R. B. Bacon, former ambassador to France, was nominated for congress from the first New York district, and F. Trubee Davidson, son of the late Henry P. Davidson, financier, was nominated for the state assembly.

CARD OF THANKS

WE wish to extend our most sincere thanks to our many friends for their loving sympathy and beautiful floral offerings in the death of a loving husband and father.

AUGUSTA C. HARTKE
CARL H. HARTKE

CARD OF THANKS

WE wish to express our sincere thanks to our friends for their beautiful floral offerings and sympathy shown us during our late bereavement.

MRS. BELL WILLIAMS

DIED

HONESILL.—In Oakland, Sept. 17, 1922, Mary, beloved wife of Luke Honesill, a native of Ireland, aged 60 years. Friends and acquaintances are respectfully invited to attend the funeral Wednesday, Sept. 20, 1922, from 10 o'clock to 11 o'clock a. m. at St. Mary's church, 510 E. 12th st. at 8th st. where services will be held at 2 o'clock p. m. Interment private. Friends and acquaintances are respectfully invited to attend the funeral services Thursday, Sept. 21, 1922, at 2 o'clock p. m. from the chapel of Grant D. Miller, 2372 East 14th street. Interment, Yuba, Calif.

GERNER.—In Berkeley, Sept. 19, 1922, Margaret, beloved wife of John A. Gerner, loving mother of Margaret, Carl, Fred and the late Marie Gerner, a native of San Francisco, co. of the third order of St. Francis. Friends are respectfully invited to attend the funeral Tuesday, Sept. 22, at 9 a. m., from her late residence, 1514 Josephine street, church of St. Francis, where a requiem high mass will be celebrated for the repose of her soul, commencing at 9:30 a. m. Interment, Yuba, Calif.

HICKOK.—In Broadmoor, San Leandro September 18, 1922, George Henry, beloved husband of Lulu B. Hickok, loving father of Genia B. Martinez, a native of San Francisco, aged 65 years, 5 months, 12 days. Friends and acquaintances are respectfully invited to attend the funeral Thursday, Sept. 21, at 10 o'clock p. m. from the Fruitvale chapel of C. N. Cooper, 3347 E. 14th street. Interment, Extergreen cemetery.

HUGGINS.—In Berkeley, September 19, 1922, Mary A. C. widow of the late James Huggins and loving mother of Mrs. Lottie Morck, a native of Boston, Mass., aged 86 years, and 4 months.

KING.—In Oakland, September 18, 1922, Elizabeth Ann, beloved wife of Dennis W. King, loving mother of James, Walter, George, and Grace King. Mrs. E. Willie, daughter of the late Mr. and Mrs. Mathewson, a native of California. Friends and acquaintances are respectfully invited to attend the funeral Thursday, Sept. 21, at 11 o'clock a. m. from the Fruitvale chapel of C. N. Cooper, 3347 East 14th street. Interment, St. Olivet cemetery, San Mateo county.

MULLER.—In Oakland, September 18, 1922, the late Mr. and Mrs. Muller, beloved husband of Catharina Muller, loving father of Mrs. Adele Wentworth, brother of Mrs. Wilhelmina Klute of Bremervor, Germany, and the late Mrs. Henry Sturken. A member of Bremervor Verein, North Branch lodge No. 9, O. D. H. S. and Butchers' Union No. 120 of Oakland, a native of Germany, aged 70 years, 11 months, 18 days. Friends and acquaintances are respectfully invited to attend the funeral Thursday, Sept. 21, at 9 a. m., from 1431 E. 22d st. thence to St. Joseph's church, where a requiem high mass will be celebrated for the repose of her soul, commencing at 9:30 o'clock. Interment, St. Mary's cemetery.

Lady Attendant

Kaiser Fiery Swain, Say Fiance's Friends

By FERDINAND JAHN
United Press Staff Correspondent.
(Copyright, 1922, by United Press)
SAABOR, Silesia, Sept. 20.—The Kaiser is a wonderful lover, friends of his fiance, the Princess Hermine, said today. "Wilhelm is all fire and flame," they declared. "Fervid love letters from the Kaiser to his princess all but swamped the little postoffice here. Some of the more endearing epistles were delivered through a third party—Wilhelm—the aged hermit of Doorn," as some call him—evidently fearing his most precious love phrases would be disclosed. The princess' announcement

Waltham, Sept. 12, a son. WHALEY.—To the wife of Harvey K. Whaley, Sept. 9, a son. today that she would leave here on November 3 for Doorn and marry the Kaiser November 8, was a blow to the monarchists, led by the crown prince and his wife, who are doing all in their power to break off the match. Friends of the princess state that she is going through with the marriage in spite of all opposition. The Junker party plans to send a delegation to Doorn in a final effort to break off the match. Crown Prince Wilhelm and his wife fear that if the former "war lord" actually marries the Princess Hermine—who is a nun, ambitious, wealthy widow—she will rule the household at Doorn and seize the reins of the monarchist movement in her own strong grasp. Thus, the crown princess especially wishes to avoid. Sympathy in Germany for the lonely Kaiser will be lost if he weds, the opponents of the match claim. Hermine has only been to Doorn once and that was last June when she received the Kaiser's proposals. Most ardent courting is believed to have occurred then. She was as happy as a little girl when she returned home and was over-bubbling with enthusiasm, her intimates said. But "the course of true love never did run smooth," and as the gossip went around that Wilhelm and the princess were in love, the opponents of such a match began organizing to outwit Cupid just as if they had been boy and girl sweethearts. Hermine is strong, muscular and above medium size. She has long chestnut tresses and her brown eyes sparkle with cleverness. Not so long ago, she bought a newspaper and changed its policy over night. When she made one purchase the paper was liberal in its views. The next day it was an urgent supporter of the monarchist group. Two of the princess' daughters—one of twelve and one of four years—altogether with a son of nine, will make the trip to Doorn with her. One of her boys will be left in school here and another placed in keeping of her pastor in Germany. Hermine's first husband a

Lieutenant in the Prussian guards, was killed when he fell from a horse in 1920. The princess' full name is Hermine von Schoenbach-Garath and she is mistress of the ancient Schoenbach Castle that dates back to the eighteenth century. She is a descendant of a line of Reuss nobles. Stagnant sea-water becomes foul just as quickly as does fresh water.

Optometrists Giving Course of Lectures
The Alameda Optometric Association held the first of a series of lectures Monday and last night at the Key Route Inn. Last night Dr. Harry Goodman of Los Angeles lectured on "Dynamic Co-ordination."

"THE DREAM HOUSE"

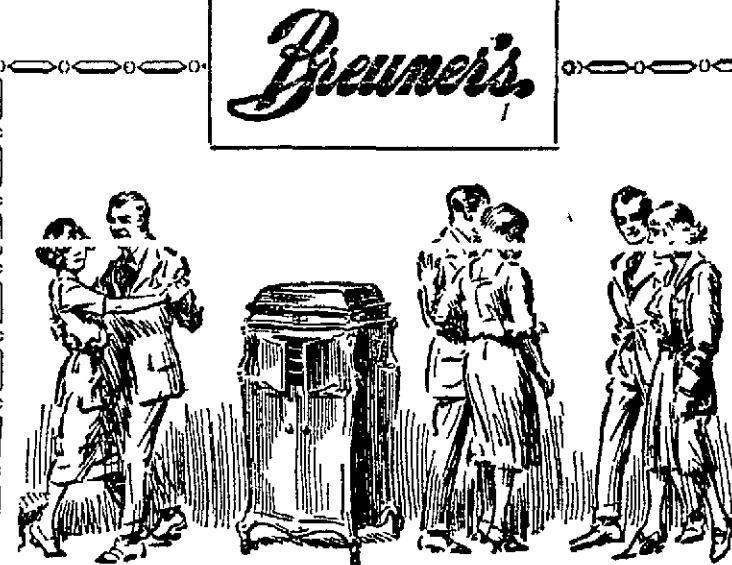

Who is there who has not the ideal home bright in his or her own mind? And who has not thought of it as completely and comfortably furnished, furnished for happiness and "liveableness?"

We are helping many to realize their ideals of "dream homes" by lessening the practical obstacles. Our "warehouse-to-you" plan of selling furniture means savings of 30 percent. Write for booklet.

4 Branch Banks —and others planned—

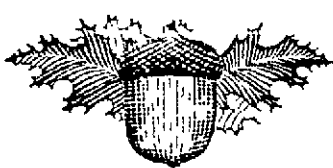

to help community business

THERE is no more conclusive evidence of the fact that Oakland is becoming a great commercial and industrial city than the spectacular growth of neighborhood business sections.

As the neighborhood merchants have increased in number and prosperity, the officers and directors of this bank have recognized their need of better banking service.

TODAY, THE OAKLAND BANK operates four branches in community business centers within the city limits of Oakland. The problems of each section can be studied and understood by the Bank's management. While no branch is larger than the financial needs of the community require, each one is backed by the strength and resources of all.

Tell newcomers about the branch of THE OAKLAND BANK that is nearest to them. They will appreciate the suggestion.

THE OAKLAND BANK OF SAVINGS

ESTABLISHED 1867

[On June 12, 1922 the name of this bank was changed to "THE OAKLAND BANK" in order that the name might better designate an institution doing a city-wide Commercial, Savings, Trust and Safe Deposit business in Oakland.]

NEW PLAN MADE FOR DISPOSAL OF MUSCLE SHOALS

Hull of Iowa Offers Resolution Giving War Secretary Power to Sell.

WASHINGTON, Sept. 20.—The secretary of war would be authorized to sell to the Alabama Power company the government-owned steam plant and sub-station at Corgas, Ala., and transmission lines to Sheffield, Ala., and to lease in his judgment the nitrate plants at Muscle Shoals, under the terms of a resolution introduced in the House by Representative Hull, Republican, of Iowa.

Hull stated he had proposed this

plan for disposing of the great Muscle Shoals government properties because he doubted whether Henry Ford would take the properties under the conditions imposed in the bill reported from the House military affairs committee offering them to the automobile manufacturer. He had voted to submit this plan to the House.

His resolution directs the secretary of war to sell for not less than \$3,000,000 to the Alabama Power company the government-owned steam power plants and sub-station at Corgas, Ala., 88 miles from Muscle Shoals, the transmission line from Corgas to Sheffield, Ala., and the sub-station at Sheffield with its appurtenances.

If the Alabama Power company will not purchase under the terms suggested the secretary is authorized to negotiate the purchase of these properties from the Alabama Power company on reasonable and fair terms. With failure to arrive at terms of purchase the secretary is directed to proceed with condemnation and acquisition of the properties in the Alabama Northern federal district court at Birmingham.

"Mr. Ford insists that he ought to have the Corgas steam plant," said Hull. "Under my resolution the Corgas plant would be returned to the Alabama Power company, the people who in all fairness are entitled to the property provided they will pay a fair price for it."

Japanese to Give Benefit for Miners

LOS ANGELES, Sept. 20.—Managers of the Japanese Fall festival, in progress here, have announced "every penny of profit" obtained the last day, September 24, will be donated to the families of the 47 miners who died in the Argonaut mine at Jackson. The festival is conducted and patronized chiefly by Japanese residents.

DAUGHTER OPENS FIGHT TO SHARE IN BELL ESTATE

Mrs. Robina Bell Hessel, Oakland, Alleges Mystery Woman Incompetent.

Mrs. Robina Bell Hessel, 1063 Water avenue, today joined the ranks of contestants of the will in which Mrs. Teresa Bell, San Francisco woman of mystery, disowned her five children and bequeathed her million-dollar estate to unknown cousins.

Mrs. Hessel's petition to break the will was accompanied by similar petitions on behalf of two of her brothers, Reginald Bell, banker of Orosi, Tulare county, and the estate of the late William Eustace Bell.

A contest previously had been filed by a sister of Mrs. Hessel, Mrs. Muriel Bell, of Hollister.

All the contestants attack the will on the same alleged ground—that Mrs. Bell was insane and incompetent at the time she drafted the document on June 7, 1910.

Two persons declaring themselves to be cousins of Mrs. Bell, and entitled to share in the estate under the terms of the will, have entered their claims in the San Francisco probate court, and announced their intention of fighting to uphold the will. They are Mrs. Ada Wickham and her brother, R. J. Irving McNair, both of Michigan.

NEW CRAGMONT SCHOOL SITE IS PARTLY BOUGHT

Five Lots, Parts of Triangular Block of Land, Are Acquired.

BERKELEY, Sept. 20.—First steps for the purchase of a site for a new Cragmont school were taken yesterday by the board of education. Five lots, one on Regal road, three on Marin avenue and one at Spruce street and Marin avenue, a part of a large triangular block of land which the board contemplated purchasing later, were acquired.

Charles C. Emslie, acting as purchasing agent for the board, secured terms of \$1000 down at the present time, the remainder of the price of \$4500 to be divided into four annual payments with interest at 6 per cent. It is proposed to move the present portable buildings at Euclid avenue and Ridge road to the new site until a permanent school can be erected. Mrs. Ida Blochman voted against the purchase of the land, declaring that in her opinion the money was needed for other more urgent purposes. She said also, that she was not convinced that the site chosen is the best one for future needs.

FALL TERM CALENDAR.

Superintendent of Schools H. B. Filson announced the official calendar for the remainder of the fall term and for the spring term of school. Following is the calendar:

Fall Term—October 16 to 20. Bay section meeting of C. T. A.; schools will close during the week, November 30 to December 1, Thanksgiving vacation. December 4, schools open after Thanksgiving vacation. December 22, schools close for Christmas vacation and first semester ends.

Spring Term—January 8, School opens for second semester. February 12, Lincoln's Birthday; holiday. February 22, Washington's Birthday; holiday. Spring vacation, date undetermined. May 30, Memorial Day, holiday; June 8, school year ends.

TEACHERS ARE CHOSEN.

On the recommendation of Dr. David P. Barrows of the university the appointment of the following teachers for the University Elementary school was ratified for the coming school year: Jane Bernhardt, kindergarten; Annie Raymond, Norine Connolly, Gail Moody, Bessie Reiner, Marie Kinell and Mrs. Druce Crase.

The following teachers were appointed, their service effective from August 14: Elementary schools, Mrs. Jennie Brothers, Miss Mary Berlin, Miss Alice Cooper, all long-time substitutes during the first semester; high school, Ethel Staley and Hovey C. McDonald, both provisional. The resignation of Miss Minnie I. Hyde in the high school was accepted.

STUDENT NURSES NAMED.

In accordance with the health development activities in the Berkeley schools the following student nurses at the university were named as nurse assistants to serve without pay: Maude Anderson, Barbara Bradley, Josie Brown, Alice Byrnes, Josephine Clement, Evelyn Gilchrist, Bertha Habel, Beatrice Khoumrian, Petra Agunaldo, Flora Kries, Jeanette LeValley, Lucille Mills, Marie Olsen, Alice Kingheim, Edith Swamborn, Cleona Test, Leona True, Alice Whitton.

At Calro, Egypt, exist the "seven towers" still called "grainery of Joseph" and still serving their ancient purpose.

OAKLAND OFFERS GOLDEN FIELD, SAYS SECRETARY

Economic Advantages of City to Build Port Rivaling East, Is Opinion.

Oakland offers numerous economic advantages, with which other cities cannot compete, to eastern factories, and this city will some day be the Pacific coast as New York is to the Atlantic. Blanks Everett, secretary of the Chamber of Commerce, told members of the Oakland Advertising Club yesterday at their luncheon.

"The great thing needed in Oakland is more public spirit and boasting," he declared. "There are too many knockers here. This city has more to offer than any other city in the United States. The growth of Oakland in the next ten years will astonish the country. What we must do is to bring more jobs and retailers here."

"The trouble now is that so many people go over to San Francisco to do their buying. The reason for this is that they can get on a comfortable train and ride in San Francisco more comfortably than they can go downtown here."

"Oakland is a wonderful convention city, and has the most wonderful auditorium in the world. We must realize the advertising necessity of bringing national conventions here." Everett declared that the Chamber of Commerce was planning a campaign to secure conventions for the city.

R. A. Carrington, advertising manager of the Oakland Post-Enquirer, was a brief speaker at the luncheon. He told of the work of some of the civic and advertising organizations in Omaha, Neb., and declared that it was through their efforts that that city earned the name of "gateway of the west."

The Independent Woman

is one of the brightest jewels which adorns our modern, economic system. But too often this independence is gained at the cost of health, and the wage-earning woman struggles through her duties, a prey to nervousness, backache and despondency. Does not her independence then become more of a burden than a joy? Lydia E. Pinkham's Vegetable Compound has helped many such women to regain their zest in life, and will help many more.—Advertisement.

SOCIETIES MERGE MEMBERS TO AID OAKLAND GROWTH

Merchants' Exchange and Business Development League Join Forces.

Official announcement of the merger between the Business Development League and the Merchants' Exchange was made yesterday.

day at the luncheon of the Business Development League at the Hotel Oakland, following a unanimous vote in favor of merger by the membership present.

It was stated that both organizations will retain their individuality, and that the Business Development League will constitute the luncheon branch of the Merchants' Exchange. The merger makes the Development League one of the largest luncheon clubs in the city, as 405 members of the Exchange are added to its roster. The Merchants' Exchange will be conducted by its present officers and directors, but the league officers and directors will have a vote in the meetings.

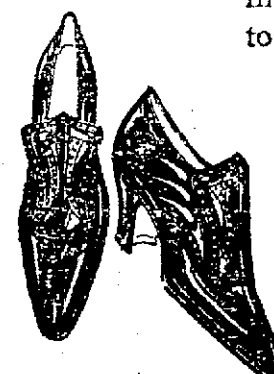

Frank Woodward, a director of the exchange, and Secretary John Costello of the league, spoke on the benefits to be derived from the merger.

European currency is so cheap a German used it to purchase his house.

SOLON, WIFE SAVED WHEN BOAT UPSETS

Assemblyman and Mrs.
Wandering Rescued From
McCloud River Rocks
By Indian's Heroism

BERKELEY, Sept. 20.—Saved from death in the swift current of the McCloud River, Assemblyman and Mrs. Arthur Wandering have returned to Berkeley from an outing which almost ended in tragedy.

The heroism of a 19-year-old Indian boy was all that prevented the young couple from drowning, according to news of the rescue. Mr. and Mrs. Wandering were boating on the McCloud river near the town of Bald, when the swift current swept their craft on the rocks in the center of the stream. The boat capsized, throwing both occupants into the water. Neither could swim because of the current.

Alfred Curl, young Indian, and W. A. Gebhardt of San Jose, threw ropes to the couple. Just as Wandering had fastened the rope about his wife the latter was swept from her feet by the current and carried down the river. It was then that Curl leaped into the water and with much difficulty carried Mrs. Wandering to shore. Wandering made his own way with the aid of ropes.

The Wanderings reside at the McKinley Court Apartments.

**Billiard Expert Is
Wed in San Rafael**

ALAMEDA, Sept. 20.—Marc Catton, billiard champion, surprised his friends Saturday by going to San Rafael and marrying Miss Juliet Greub of 1607 High street. The couple will make their home at 2211 Sterling avenue.

Those Are the Happy Days!

Junior Y. M. C. A. members sing a few songs at the "Y" Gym before they start their athletics. Pretty MISS MARJORIE GAGE furnishes the music.

ONE DEAD, 3 HURT IN AUTO ACCIDENTS

Automobile accidents in Oakland last night and early today took a toll of one dead and three probably fatally injured. Two of the injured were struck down by autoists who drove away after the crash, failing to give assistance. One man was held after an exciting race and the identity of the other is still unknown.

DEAD.
W. P. AINSWORTH, 694 Sixty-second street, formerly deputy city assessor.

INJURED.
Lida Spanker, 35 years old, 553 Sixteenth street; internal and spinal injuries; will probably die.
A. M. Galindo, 1734 San Pablo avenue; fractured collarbone and shoulder blade and possibly fractured skull, not expected to recover.
Mrs. Mary Stanton, 5023 Melrose avenue; broken leg, fractured arm and internal injuries.

**HALTED AFTER CHASE
THROUGH STREETS.**

After being chased through the downtown business district early today, after he struck down Lida Spanker and fled, according to witnesses, Peter Verdan, 1210 Peralta avenue, was halted by a taxicab driver who saw the accident and turned over to the police. He is being held for investigation as a result of the accident and faces charges of driving without an operator's license or license plates and failure to render aid.

Verdan was driving a truck at Fourteenth and Broadway. According to witnesses, he was speeding. After the accident, they say, he increased the speed of his machine and drove away. L. Hansen, Savoy hotel, a taxicab driver, who was sitting in his cab near the corner, saw the accident and gave chase after the truck driver.

He followed him to Fifteenth street and San Pablo avenue, where, in turning the corner, he cut in with his machine in front of the truck driver and forced him to the curb. Verdan drove his truck up on the sidewalk, where it overturned.

**WOMAN TAKEN
FOR OPERATION.**

Hansen brought Verdan to a police station, where he turned him over to officers. Other persons who had seen the accident took the injured woman to the emergency hospital. She was later taken to the county hospital for an operation to save her life. Whether this was successful is still uncertain late today.

Ainsworth was struck by an automobile driven by E. C. Champeny, 1535 Edith street, Berkeley, as he was crossing Grove street near Sixty-second. Champeny and a witness, A. Christensen, 2424 Myrtle street, took the victim to the Temple hospital, where he was pronounced dead. At the police station Champeny was booked on a technical charge of manslaughter and released on his own recognizance.

Galindo was found unconscious on the pavement at High street and Foothill boulevard, where he had stopped off a "K" car a few moments before. Police are searching for the driver of the automobile who ran him down.

Arrested on a charge of speeding and released by the police so that he might go home and get bail, Russell Ede, a motorcyclist, ran down and probably fatally injured Mrs. Stanton at Forty-eighth avenue and Foothill boulevard last night. Witnesses of the accident said that Ede, who resides at 5047 Fairfax avenue, was not to blame for the accident and said that the woman walked directly into the side of his motorcycle.

Ede had been arrested half an hour before by an officer from the Eastern station for speeding. At the police station he said he did not have enough to bail himself out, but could get the money if allowed to go home. Permission was given him to do this and the accident occurred while he was returning to the station.

Hamon Spenger, an employee of the Hogan Lumber company, and residing at 2413 Curtis street, Berkeley, had a narrow escape from death today when his truck was struck by a Santa Fe train as he was backing out of the company's yards at West and Delaware streets, Berkeley. Spenger was carried for two blocks on the flat car, but was uninjured. The engine, but was uninjured. Spenger's truck was struck by train No. 321, which witnesses said was going at a high rate of speed. The truck was demolished.

ASSAILANT IN SHOOTING ELUDES HUNT

An early morning man hunt through the city streets and the throwing of a cordon of armed police around the entire One Thousand block on Seventh street, were incidents following the shooting today of William Adams, employed as a rigger in the Moore Shipyards, by Peter Johansen, a former fellow employee.

The shooting took place at the foot of Market street. Adams received two bullets through the left elbow. He was taken to the Emergency hospital where it was said that his condition is not serious.

Immediately after the shooting spectators and police organized a man hunt, and chased Johansen for several blocks until he ran into an apartment house at 1002 Seventh street, whence he escaped.

Food, Clothing Needed To Aid Mine Families

Clothing, food, shoes and hats—these are things for which there now exists a great and ever-growing need among the bereaved families of the Argonaut victims, reports from Jackson say. For though grief lies heavily over the historic little mountain town, the daily supply of the wherewithal must go on as if nothing had happened.

The Oakland committee of citizens which is collecting funds for the miners, and which is headed by Harold Katschinsky, reports satisfactory progress and announces that thus far the amount of \$1435.50 has been collected.

Yesterday's receipts totaled \$117.50, being subscribed as follows: Money Back Smith & Co., \$50; Lehnhardt's, \$50; Le Roy F. Horner, D. D. S., \$5; Wager S. Smith, \$5; A Friend, \$5; W. H. Graham, \$2.50.

In the hope that others of his nationality may be encouraged to add to the relief fund, M. Clanciarulo, prominent local business man, has contributed \$30. The money was accompanied by the following letter to the Jackson relief committee, care of THE TRIBUNE: "I enclose herewith a check for \$30 to be used as you see fit to relieve the suffering of the wives and children who are left alone as a result of the mine tragedy. 'I think that the cause is a most

worthy one and hope that the public will do its part, as far as the donation of funds is concerned, to relieve the dreadful situation.' As they come in, the subscriptions are acknowledged in THE TRIBUNE. The funds are forwarded through THE TRIBUNE to Mrs. Mary Warrington, president of the Amador County Chapter of the American Red Cross, who, with her fellow directors, sees to it that the money is laid out to the best advantage for the sorrowing wives and children of the men who died in the deep level of the Argonaut.

Odd Fellows Seek To Aid at Jackson

Members of Fountain Lodge, 401, I. O. O. F., this city, today requested the lodge of Odd Fellows at Jackson to represent them in any way possible at the burial service of one of the local members who perished in the Argonaut mine disaster. The member of Fountain lodge, who was entombed in the gold mine was Rad Layovich. He had no family and had been a member of the local organization for two years.

CITY COUNCIL ACTS TO BUY PLAYGROUND

At the request of the Playground Board, the city council today asked the city attorney to draw up an ordinance for the purchase of a playground site bounded by Atlantic, Pacific, Campbell and Peralta streets, alongside the New Century club. The purchase price is \$10,250 and the seller agrees to move four old buildings, level the ground, and prepare it for a complete playground.

The new amendment extending the forty-minute parking districts was finally passed by the council today and becomes law; but Commissioner Colbourn says the ordinance will not be enforced till all signs are up.

ONE MAN DEFEATS 2,000.
SHEFFIELD, Eng.—Constable Thomas Cook defied a mob of 2,000 unemployed at the Jessop Works and drove them off after clubbing their leaders.

Falls Off Truck To Moving Train, Driver Unhurt

BERKELEY, Sept. 20.—Bounced from his seat on a lumber truck, tossed to the cow catcher of a train, carried three blocks and then able to sit up and grin—such was the experience this morning of H. F. Spenger, 30, driver for the Hogan Lumber Company.

Spenger failed to see an approaching Santa Fe train at Delaware and West streets. The next thing he knew he felt himself circling through space and then deposited in a comfortable sitting position on the cow catcher.

At University avenue the train was brought to a stop. Trainmen were prepared to pick up a mangled mass. Instead they found Spenger grinning at them. Spenger was taken to Temple hospital. He was found to have sustained several scratches on the face and hands. He was put to bed for observation.

FRENCH WIN IN GREECE.
ATHENS.—Present indications are that French capitalists will develop the Greek railways, English proffers having been rejected.

ONE-FIFTH OF "Y" FUND SECURED AS CAMPAIGN OPENS

One-fifth of the \$50,000 fund sought by the "red triangle" in Oakland has been secured.

The first day's appeal brought in \$8551.

Today the one hundred and fifty volunteer workers are starting out on the second day's task.

"If we keep up our strike, the \$50,000 goal will be reached by next Tuesday evening," said R. A. "Left" general chairman of the campaign committee, today.

E. C. Lyon, president of the local Y. M. C. A., and one of the division commanders, is wearing the "admiral's bonnet" today, designating that his division has brought in the largest amount of money to date, \$1768.50.

R. H. Mouser, captain of team No. 2 under Fred M. Hunter, division commander, turned in a total for his team yesterday of \$945, the best showing made by any single team. Mouser was handed the "Y" banner.

To Mrs. P. A. Sullivan went the red sash, indicating that she had turned in the largest amount of single worker.

Here is the standing of the divisions under their respective commanders: Fred M. Hunter—\$1349.50; "Ph" Wells—\$1532; E. C. Lyon—\$1768.50. Four thousand dollars was turned in by the executive committee, making a grand total of \$8551 for the first day's canvass.

Rabbi Rudolph Coffee of the Temple Sinai, was the principal speaker at the daily luncheon, Hotel Oakland, today.

Tomorrow E. L. Moser, member of the international committee and campaign director in Berkeley, will be the speaker.

Two speakers are scheduled for Friday. One of these is General C. G. Morton, commander of the Ninth army corps area, headquarters the Presidio. The other is Dr. Aurelia Reinhardt, president of Mills college.

Under the tutelage of Eugene Blanchard, the volunteer workers are rapidly becoming a "singing army." Blanchard leads in community singing of campaign songs set to popular airs at the daily luncheons.

Y. M. C. A. campaign headquarters have been established in room 106, Hotel Oakland.

SUSPENDED MAN APPEALS.
Mervyn F. Fitter, from temporary suspension from the department for alleged misconduct, today filed an appeal before the civil service board. Fitter was accused of driving an automobile while intoxicated.

WIFE SMITTEN WITH ELTINGE, DIVORCE PLEA

Female Impersonator's Lure So Strong She Sought Sui- side, Tells Husband.

Julian Eltinge, well-known female impersonator, so fascinated

the young wife of the S. S. Sonoma's radio operator that she threatened to jump overboard rather than quit a "continuous booze party" which the actor staged on the ship, according to allegations that won Robert Robinson his fame today.

From the time that his wife met Ellings, who was a passenger on the ship, she insisted on making one of several women who clustered about him throughout the voyage, Balcolm said.

When Balcolm attempted to prevent his wife from continuing her association with Eltinge and his other companions, she threatened she would jump overboard. Balcolm declared. She went so far toward carrying out her threat he

Balcolm and his wife lived until recently at 374 Twenty-sixth street. Balcolm is now living at the Grand Hotel in San Francisco.

YEOMEN TO DANCE.

**Police Chief Vollmer
to Talk in Martinez**

MARTINEZ, Sept. 20.—August Vollmer, Berkeley's chief of police and former president of the national association of police chiefs, is to speak Sunday evening at the Congregational church, it was announced today by Rev. N. F. Sanderson. Vollmer's topic will be "The Policeman."

only, were bound into volumes they would fill a big library and all of them speak the same cheering, inspiring and hopeful message. They all agree that Taniac brings

a feeling of new life and energy to every portion of the body and sends the blood tingling through the veins. The body becomes ruddy with the glow of health, the mind casts off its drowsiness and becomes once more alert and active; there comes new life, new energy.

There is absolutely no excuse in this day and time for anyone to be classed among the weak, anemic, half-sick, miserable and worn-out specimens of humanity who are being left behind in the race of life. You owe it to yourself, your family and your future to keep fit, for

health means happiness and success. Health brings the capacity to enjoy the good things of life, to eat, to sleep, to work and to play to the fullest measure.

Join, today, the vast army of those who have been made healthy

and strong by Tanlac. Throw off the poisons that are ruining your digestion, weakening your strength, wrecking your nerves, making your liver torpid, causing headaches, backaches and crippling you with rheumatism and other destructive

Bring the color to your cheeks
and the sparkle of health to your
eyes. Be robust, strong and sturdy.
You can do this and you owe it to
yourself, your future, your family,
to act now.

VOTE CONTEST FEATURES MEET OF POSTMASTERS

Fight For Secretariat of National League Results in Defeat of Officer.

SAN FRANCISCO, Sept. 20.—Election of officers for the ensuing year at the seventeenth annual convention of the National League of Postmasters was featured by a bitter contest for the secretariatship yesterday. H. H. Collins of South Zanesville, O., national secretary for the past five years, was defeated, M. L. Vick of North Dakota being elected in his place. In reply to criticism, Collins declared that a personal fight had been waged against him, and that a "whispering" campaign had been conducted among the delegates to oust him.

John T. Clapp, Beech Grove, Ind., was re-elected president of the National League. Chattanooga, Tenn., was chosen for the 1923 convention. Other officers elected are: Harry C. Tate, Anita, Iowa, Vice President; Mrs. L. J. Matlack, Paynes Creek, Calif., second vice president; W. A. Koch, Brillion, Wis., third vice president; Charles L. Benner, Farrandville, Penn., treasurer, and Lloyd M. Hallenback, Greendale, N. Y., and William G. Stevenson, Accomac, Va., members of the executive committee.

President Clapp, in an address, advocated civil service and promotion for third class postmasters. Addresses were also made by Supervisor Margaret Morgan of San Francisco, A. M. Godfrey, bureau of naturalization, and D. R. Sullivan.

Charles in Lead on Rotary Program

The "Charles" of the Oakland Rotary club will be responsible for the club's entertainment program at its weekly luncheon at the Hotel Oakland tomorrow. Their names, as they appear on the list issued by the club today, are: Charlie Dewing, Charlie Greene, Charlie Heyer, Charlie Kiever, Charles Keyes, Charlie McCall, Charlie Monroe, Charlie Nesbitt, Charlie Speyer, Charlie Zook Sutton, Charlie Thatcher and Charlie Kloss.

Junior League Makes Record Sales for Fashion Show to Be Held in Hotel Friday

A trio of workers of the Junior League of Ladies' Relief Society which sold over 1200 pounds of Candy Market Day, who will assist Friday evening at the Fashion Revue for the charity. They are, left to right, MRS. JACK OKELL, MISS JESSIE KNOWLES and MRS. WARD DAWSON, who are assisting in the sale of tickets for Friday.

Debutantes will Assist Festival in Tableaux Showing Wedding Party as Climax in Modes

The Junior League is making record breaking sales for the Fashion Show to be held Friday evening at the Hotel Oakland. That it will be unequalled in the annals of the past is confirmed by the managers, for the Revue is to be staged by the H. C. Capwell company, which has secured a score or more of the finest professional models to display the imported gowns and Nemser models.

The debutantes will do their part in presenting the wedding scene, one of the most beautiful tableaux of the evening.

Ennis Milliken's orchestra will play throughout the evening and there will be specialties in the intervals.

Mrs. Donald Walsh has been selected as the bride and Mrs. William Stafford Gibbs as matron of honor. Miss Eleanor Dawson, the small daughter of Mrs. Ward Dawson, will be flower girl and Miss Mary Kennedy the maid of honor.

The bridesmaids will include Miss Flora Edwards, Miss Claire Knight, Miss Janet Knox, Miss Vera

Forty names for the new criminal jury panel were drawn today by Superior Judge L. S. Chute. The jurors will serve for the coming term of court for both Department 3, presided over by Judge Chute, and Department 3, which is Superior Judge George Samuel's department.

The members of the panel include the following:

Mrs. Cornelia Bernstein, Oakland; John L. Bold, Oakland; Fred Brandt, Alameda; T. L. Bromley, Oakland; Charles Burman, Oakland; Mrs. Anne E. Bush, East Oakland; Mrs. Effie L. Bush, Alameda; G. F. Calberg, Oakland; E. H. Claviter, Mt. Eden; Mrs. Myrtle Cloud, Berkeley; Miss Margaret D. Davies, Berkeley; Mrs. Rae Emma Driscoll, East Oakland; Mrs. Kate L. Fitz, Oakland; Maurice Fitzgerald, Oakland; George Samuel, Oakland; George Grundell, Hayward; Mrs. Mary L. Hallahan, Oakland; Mrs. Ida R. Harris, East Oakland; Mrs. Mame Haynes, Berkeley; F. E. Jones, Berkeley; Mrs. Mae Estelle Hill, Oakland; Christian Hoff, Berkeley; Julian Holman, East Oakland; Mrs. Julia M. Hyland, Oakland; William Jess, San Leandro; Mrs. Frances Klenz, East Oakland; William F. Lenthall, Alameda; Mrs. Anne C. Macdonald, Alameda; John E. Meuerhan, Oakland; Mrs. Robert McKillop, Oakland; Mrs. Bernice Nall, Oakland; Isaac Nall, Oakland; Mrs. Mary R. Neal, Berkeley; Miss Laura Nicholson, Oakland; Antonio Peterson, Pleasanton; Mrs. Mary L. Proffitt, East Oakland; Fred L. Reind, Berkeley; Mrs. Grace D. Reynolds, Piedmont; Mrs. Lucy Russell, East Oakland; Mrs. Ada Rowe, Oakland; Mrs. Maud Smith, Berkeley; H. Spencer, Niles; Mrs. Grace Thomas, East Oakland; Pere Tiffany, San Leandro; J. Watkins, East Oakland; Will J. Warren, Oakland; J. W. Wert, Oakland; Jesse H. Wood, East Oakland; Jesse H. Woods, Oakland.

Sorry Wife Returns; She Gains Divorce

When Nellie A. Sandstrom wrote her husband, George S. Sandstrom, Oakland manufacturer of wood novelties, that she was returning from a visit to her mother, he sent her a letter saying that he was sorry she was coming back and that she could stay away forever, according to her testimony today before Superior Judge Harris, who granted a divorce.

Mrs. Sandstrom further testified that her husband told her repeatedly that he did not love her and that he cursed her and was moody and silent much of the time.

A property settlement, affecting the family home and the manufacturing plant, was made out of court, it was stated at the trial.

Presidio Head Urges War on Booze, Dope

SAN FRANCISCO, Sept. 20.—A determined war to drive booze and narcotic peddlers from the purlieus of the Presidio will be begun by Major General Charles G. Morton, commanding the Ninth Corps Area of the army, it was learned today. A formal letter from him to the officers in the assembly at post headquarters, directed all army officers to "use utmost endeavor to keep liquor and narcotics away from the military reservation."

According to officers who heard the letter read, the full force of military authority, vested in the commanding general, will be directed against the booze and dope traffic and all traffickers who approach the reservation.

By a spectroscope one five hundred-thousandth part of a drop of blood can be detected on clothing.

MAYOR ANSWERS AUDITOR'S CHARGE

Asserting that City Auditor Harry Williams was not ignored in the roster of Oakland delegates to the League of Municipalities, and charging that Williams was under a misconception when he attacked the Mayor yesterday, Mayor Dayne returned Williams' complaint today in a formal statement.

"The Auditor has seen fit to indulge in an attack upon me through a letter to the Council, but because of petty politics his office was not represented in the delegation authorized to represent Oakland at the League of Municipalities convention at Palo Alto."

"For the past several years Mr. Williams personally has stated that he would be unable to be present at these conventions. Mr. Merritt discussed representation with Mr. Williams' office and was advised that it would be impossible for any Oakland representative to be absent for the convention."

"Therefore, Mr. Williams' office was not slighted, and it is Mr. Williams who is indulging in 'petty politics' and endeavoring to secure city publicity for himself through the medium of official communications to the City Council."

Oakland High to Have Fete Tonight

"Honolulu Day," the first social event of the new school year at Oakland high school, will be held in the gymnasium tonight, with tropical settings and tropical music.

The features of the program will be a dance by six boys selected for clumsiness, a black-faced song by six girls, and musical offerings by Earl and Gladys May, Merle Nance and Peggy Kirsten will dance.

Sailor Is Shot During Altercation

SAN FRANCISCO, Sept. 20.—Andrew Visser, 25 years old, a sailor on the steamer Frank Buck, was shot in the shoulder by an unidentified man during an altercation in a soft drink resort at 168 Barbours and Jefferson streets, today. After shooting Visser the assailant escaped. Visser was taken to the Harbor Emergency hospital where it was found that he was not seriously wounded.

Veterans to Give First Season Dance

Col. John J. Astor Post, Veteran of Foreign Wars, will hold its first social dance on the roof garden of the Pacific Building, Sixteenth and Jefferson streets, tomorrow evening. All former service men and their wives and sweethearts are invited to attend. This is the first dance of the fall season. The committee intends to arrange for more similar affairs in the near future.

Indians Inhabited Terrace

While working in her garden Miss Laura P. Pratt was surprised to find an old Indian mortar and pestle. It is remarkable that she should build her home on the same spot occupied by the Indians centuries ago.

Miss Pratt was one of 39 to build in Berkeley Country Club Terrace within the last three weeks. There will be a sale on this property Sunday. Phone Frank Epperson, Lakeside 1600, for appointment, or come to Top Floor, 1440 Broadway, Oakland.

14 DIE, 17 HURT IN TRAIN CRASH ON MEXICO LINE

2 Americans Injured When Rails Are Swept Away By Washout.

MEXICO CITY, Sept. 20.—(By the Associated Press.)—Fourteen persons were killed and seventeen injured in the wreck yesterday of a north-bound passenger train at Empalme Gonzales. It was announced today by the National Railways' executive offices. The wreck was caused by a washout.

Henry B. Burton of Atlixco, state of Puebla, and J. D. Lester, of an unnamed Texas city, the only Americans whose names appear in the list of victims, are said to have been seriously injured.

Ramon Sanchez Arreola, a deputy, his wife and small daughter were killed. The chamber of deputies suspended its session yesterday out of respect.

The accident is understood to have occurred when an impending dam near Empalme Gonzales broke at the moment the military escort train was passing. The escort train was derailed and the passenger train crashed into it. All traffic on the Laredo line from Queretaro to Mexico City is suspended.

Sodality Planning For Minstrel Show

The St. Joseph's Sodality of Fruitville will give a minstrel show at the headquarters of the Sodality, thirty-fourth avenue, Oakland, Sunday evening at 8:15 o'clock. It is planned to repeat the performance Tuesday evening, September 26. The show will be under the direction of Frank Ryken. The cast will consist of Robert Walden, interloper; solists, Miss Marie Bucher, Miss Tillie Reichling, Miss Marie Whitman, Miss Katherine O'Rourke, Miss Anna Boedeker, Miss Rosie Landenburger, Miss Clara Bold, Miss Margaret Moore, Miss Katherine Pike, Miss Ruby Lamb, Miss D. Kenney, Miss Dorothy Moore, Leo Burdard, J. Elden, J. Caterlin, J. McCormick, J. Ragen, M. Markey, Ed O'Connell, Joe Short, Fred Russell, Wm. W. Allen, John Parker, Louis Remmelte, T. Machade and F. Studiger. Music will be furnished by the Sodality's eight-piece orchestra under direction of J. Ehrenfried.

"Parking Space" For Children At Fair

Mothers visiting the California Complete Homes Exposition in Oakland, starting September 28, may "park" their children in a model playground.

Jay Nash, superintendent of recreation for Oakland, has accepted the invitation of the exposition directors to install a complete backyard playground in the yard of one of the model homes which will house the "complete homes" exhibits.

The privileges of the playground will be free, as will all the features of the exposition, and mothers may leave their children in charge of the playground director while they study the homes of the exposition or attend the lectures on some aspect of domestic science or household art and crafts, which will be given daily.

Bank of Italy to Build New Branch

The Bank of Italy today announced that it has purchased the southeast corner of Forty-ninth street and Telegraph avenue and will erect there a bank building of the same type as was erected for the Melrose and San Pablo branches of that institution. It is anticipated that the work will start on this building in the near future. In the meantime, temporary quarters will be obtained and a branch opened for business within the next few weeks.

DIABETES A Disease of Malnutrition

Diabetes is invariably the result of impaired nutrition—this results in an excess of sugar in the blood and failure of the food to nourish, hence a gradual wasting away while eating well.

U. S. Consul in Smyrna Tells of Panic During Fire

ATHENS, Sept. 20.—(By Associated Press.)—"During my consularship at Saloniki I was besieged by Bulgars and Germans and during my official career I have had many rough experiences with submarines and gunfire, but never in my life have I seen anything like the Smyrna catastrophe," is the manner in which George Horton, American consul general at Smyrna, in his first remarks of the disaster, summed up to The Associated Press his experiences in Asia Minor.

Consul General Horton explained that his official position prevented his commenting on the incidents in Smyrna.

"It is my duty to speak of the splendid heroism and self-sacrifice of the American colony in Smyrna," he said.

"When the situation became dangerous, I, in collaboration with Captain Arthur J. Hepburn, chief of staff to Admiral Bristol, arranged for the safety of the American colony and had it guarded by marines. I told the members of the colony to come to the theater twice daily to receive the latest bulletins on the situation. I summoned the principal members of the colony to discuss the general situation."

"Thousands of refugees in the despairing city were absolutely hungry and destitute. Rufus W. Lane, an American, spoke up on one occasion and said that they had not come to the meeting to look out for their own safety but to look out for those of the starving people. Francis W. Blackley, another American agreed in this and gave 200 Turkish pounds to start a subscription list for the refugees. Stanley Smith of the Standard Oil company in Smyrna gave 600 Turkish pounds.

"We started the work of relief immediately. The American firms contributed the use of their automobiles and trucks. They never saw them again because they were completely burned up. Representatives of the American college, organized a central committee within an hour while the automobiles were still in their possession, and with the Stars and Stripes flying on their machines, they were all over the city administering relief. Their first effort was amongst Americans. Their conduct was generous and heroic even under the greatest difficulties. We urged the American women teachers in the girls' school of the Y. W. C. A. to leave Smyrna but they refused until driven by the flames.

"These brave women labored unceasingly without food and sleep. Some are still there. Mrs. Horton remained with her husband at the consulate until the city was burned."

WENT TO ATHENS.

The consul general and his wife embarked on the U. S. S. destroyer Simpson with 65 other Americans and came to Athens. Vice-consul Maynard E. Barnes remained in the devastated city with twenty other Americans who were chiefly

engaged in relief work. A Japanese merchantman brought succor to the refugees en route to Greece and gave them the kindest treatment. Americans speak with admiration of a Turkish girl, who was attached to the American school. She, having no thought for her own safety, ran to the Turkish lines seeking to save the Greek women and children. She succeeded eventually in reaching Athens.

FIRE ON REFUGEES.

American observers say that the Turks fired on refugees who tried to swim to safety.

Their experiences were related by other American refugees who arrived here. "Among them were Mr. and Mrs. W. H. Boyd of New York and Mr. and Mrs. J. E. Archibald of Washington, North Carolina. Archibald and Mrs. Boyd secured a launch in the Smyrna harbor and saved fifty refugees by taking them to the American steamer Winona.

The former gave refuge to 2000 Greeks and Armenians in his home just outside Smyrna.

War Threat Felt In U. S. Sport Circles

PITTSBURGH, Pa., Sept. 20.—The situation created by the advance of the Turks toward the neutral zone of the Dardanelles was reflected in sport circles here today when it became known that Charles Rowe, professional golfer, player of the Oakmount Country club and a veteran of the Canadian army, had been notified to hold himself in readiness for foreign service.

He received a telegram from the Canadian war department advising him to be ready to join his regiment on short notice.

Save and Beautify Your Hair With Newbro's Herpicide

Herpicide is best for the hair because of its positive action in beautifying the hair, removing dandruff, stopping falling hair.

WIFE WOULD HALT PROPERTY SALE

Seeking a restraining order to prevent her husband from disposing of community property valued at \$25,000 as he has threatened to do, she avers, Mrs. Angela Sole has instituted divorce proceedings in the superior court against Loren Sole, a So. Cal. rooming proprietor, charging cruelty.

Allegations in the complaint contain the charge that her husband, within one week after her marriage, tried to induce her to run a disorderly house. Later, while she lived in San Francisco where Sole ran a poolroom the wife avers, he compelled her to do porter work in the poolroom until 2 o'clock in the morning. This required her to come in contact with men of bad character, much to her humiliation and disgrace, the wife declares.

In addition Mrs. Sole declares that her husband failed to provide her with sufficient clothing and on August 14, last, kicked and broke down a door and then threatened to whip her. The wife avers that her husband has an income of \$350 from his Oakland business and asks that she be given \$100 a month alimony, costs of suit and a just proportion of the community property.

Traces of the most ancient cave-men found in Europe seem to identify them with the Eskimoes.

CLOSE THEM OUT

I have sold twenty-six trucks at extremely low prices and have two left on which I have received orders to "sell for what they will bring." These trucks are brand new, repossessed from a bankrupt dealer. They are standard in every respect and built by one of the strongest companies, financially, in the United States. I must get cash for these trucks, so don't waste your time or mine unless you can arrange payment. One truck is a one-ton speed job completely equipped; the other is two and one-half tons capacity. I am going to sell these at manufacturer's cost, which is fifty per cent less than anything else obtainable in Oakland.

OFFICIAL RESULT GIVEN OF VOTE CAST IN COUNTY

Figures on Senator and State
Offices Announced By
County Clerk.

Official figures on the votes cast in Alameda county for United States senator, governor, lieutenant-governor, state treasurer, surveyor-general and the chief justice and associate justices of the State Supreme Court, were announced today by County Clerk George Gross. The official count shows little deviation from the unofficial canvass made at the time of the primaries. The official count follows:

United States senator: Republican—Johnson, 35,624; Moore, 23,864; Democrat—Pearson, 8,234; Socialist—Singlet, 762; Prohibition—Neesham, 158.

Governor: Republican—Richardson, 33,221; Stephens, 29,386; Democrat—Jones, 3009; Woolwine, 4435; Prohibition—Jones, 521; Stephens, 116; Socialist—Horr, 752; Lieutenant governor: Republican—Rominger, 15,917; Young, 46,886; Democrat—Shearer, 6,225; Treasurer: Republican—Brinkop, 1956; Johnson, 32,432; Millan, 18,087.

Surveyor-general: Republican—Kingsbury, 41,741; Locklin, 12,264; Chief justice: Lawlor, 35,330; Wilbur, 37,668.

Associate justice: Kerrigan, 22,549; Seawell, 26,209; Shurtliff, 31,095; Soane, 29,948.

Eye-Witness Details Slaying of Youth

Manuel Perry, eye-witness to the alleged murder of William Reinking, by Frank Avilla and Tony Alexander, who are on trial in Superior Judge Church's court, today told details of the killing. He testified that Reinking was walking along the street when Avilla threw a cloud of dirt at him. Reinking made no reply, said Perry, and a few minutes later Avilla said, "Let's go and get him," according to the witness. Alexander and Avilla ran after Reinking, stated Perry, and a few minutes later Avilla struck Reinking, knocking him to the ground. The witness said that at no time did Reinking make any attempt to defend himself.

Dance and Be Merry, Says Beauty Expert

Worry poisons the blood. When you have the blues, put a merry record on the phonograph and dance them away. Instead of carrying a blanket to cover your knees, shake them a while.

Go to bed at 10 p. m. and get up early in the morning. Bat, drink, exercise as you should and do not worry. These are some of the axioms in the Margaret Josephine Blair system for keeping the body healthy and beautiful. Mrs. Blair, "Rejuvenated Grandmother" of 60, beauty and health specialist, club-woman and college professor, who was introduced yesterday in the Municipal Opera House in the first of a series of two lectures on health and beauty under the auspices of the Oakland Tribune. More than 2000 women crowded the big theater, filling the main floor and two galleries. Scores who could not obtain seats stood throughout the two hours of the demonstration. Many late comers were turned away. The story was repeated today when the closing lecture in the Tribune series of complimentary talks was given.

CITY REPRESENTED. Commissioner of Public Health and Safety Colburn presented Mrs. Blair to the vast audience. He was followed by the city representatives in the health of the community and its expression in offering opportunity to the public to hear practical talks on the cure of the body. In referring to Mrs. Blair he said:

"She has found the greatest need of the people in possessing a better body. With a perfect body, Mrs. Blair believes they must have a better mind. She claims she is always in good health. It is what we are all searching for."

Women over 45 begin to let down, according to the health expert. Although they are able to do their work they are never well. What they should do is eat, drink, exercise as they should and put away worry, she told them.

"Every time a woman worries it adds a wrinkle to her face," Mrs. Blair said. "A young girl exercises her eyes by flitting, but the years cause a woman to cease such practices and her eyes become dulled. She then gave a set of exercises which are designed to bring back brightness to the eyes."

DIET IMPORTANT.

Diet is an important item in the Blair system of health and beauty. Mrs. Blair's menu yesterday was: Before breakfast, four glasses of water; for breakfast, a pear, 3 slices of graham toast, a cup of hot water; one hour after breakfast, 2 glasses of water; for lunch, one large glass of hot milk; two hours after lunch, two glasses of water.

She did not give her dinner menu, although she confessed that during the day she would eat 15 olives, perhaps a bit of chicken or lamb. Tea, coffee and red meats are taboo in the diet.

"When you are not feeling well, stop eating and drink water," the lecturer advised. "When your head aches, take in plenty of oxygen. Don't go to bed." Two pounds of oxygen for one pound of food is her accepted ratio.

"Stand on the back of your neck ten times a day," Mrs. Blair advised, showing how it was done. "If you have pains in your knees, kick them for a while. Don't carry a blanket to cover them up. Exercise." She demonstrated the correct muscle movements. "The neck must be kept limber." Proper exercise was produced.

"Young girls today have crooked legs. Older women have fat legs. Short skirts revealed these things," Mrs. Blair offered corrections to both imperfections.

"Don't be put on the shelf," Mrs. Blair urged the mothers and grandmothers. "Many a woman loses her personality because she has a doting daughter who insists on helping her across the street and thinking for her. After forty-five, women forget how to play. Play and put sense men in it. Girls of 15 think they know everything. They are not beautiful today. It is the middle aged woman who has the beauty. Mothers and grandmothers, when you get blue and feel out of sorts, put a merry record on the phonograph and dance."

Dance exercises in proper breathing, for fallen insteps, for the spine, neck, knees, waist and poise, were demonstrated by the speaker.

"Poise is power. A balanced mind gives a balanced body," Mrs. Blair declared. "Worry poisons the blood." To create poise and balance and eliminate worry, she had a special set of movements. "My grandmother would think I was crazy if she could see me," Mrs. Blair concluded. "But I have made my body over since I was 50, and am younger physically and mentally than I ever was."

Care of the body and skin was discussed in the lecture this afternoon. Mrs. Blair held an informal reception in the Rose room of Hotel Oakland following her appearance in the Auditorium. She announced that she will meet the women of the city in the Hotel Oakland between the hours of 9:30 and noon tomorrow. In the afternoon in the Auditorium ballroom she will give under her own auspices a special lecture to women.

HOUSING LAW WORKERS NAMED

Fire Chief Samuel H. Short of this city today announced an executive committee of fifty-two California fire chiefs which will conduct a campaign in favor of the state housing law adopted at the last session of the legislature and against the referendum on that measure. It is held up on referendum by California lumber interests because of a provision preventing the use of wooden shingles. The California Fire Chiefs' Institute, one of the organizations favoring the bill, claims that the fire protection provisions are subterfuge to the approval or disapproval of fire chiefs or other charged with enforcement of building laws in the different communities.

In the resolution adopted by the committee of fire chiefs they say: "As Fire Chiefs, in the name of Humanity, we urge the voters of California to vote for the state election in November and thereby uphold the new State Housing Law Number 5 on the ballot, because every vote cast in favor of this law is a vote to protect women and children and to reduce fire waste, taxation and fire insurance rates."

The announcement of the general committee was made by chairman Short and comprises the following fire chiefs: Alameda, Miller T. Steinmetz; Berkeley, W. E. Van Meter; Beaumont, Henry Schilling; Benecia, S. A. Johnston; Claremont, E. A. Dorsey; Colfax, W. D. Scanlon; Corning, H. D. Cooks; Culver City, G. H. Winnick; Davis, Walter E. Lillard; El Centro, C. F. Ferguson; Emeryville, C. W. Culver; Firebaugh, Joe Masini; Fresno, Wm. C. Berkholtz; Hayward, M. G. Riggs; Healdsburg, D. O. Sewell; Hemet, J. H. Spencer; Huntington Beach, J. M. Wiley; Huntington Park, T. J. Resley; King City, W. N. King; Livermore, L. E. Wright; Long Beach, G. C. Crow.

Los Angeles, R. J. Scott; Madera, Jack Brammer; Martinez, John Brinkman; Modesto, E. E. Moschary; Monterey, W. E. Parker; Napa, C. E. Otterson; National City, S. S. Carvell.

Oakland, S. H. Short; Paso Robles, O. F. Hedgepeth; Pacific Grove, R. M. Knight; Pasadena, E. F. Cooper; South Pasadena, J. F. Smith; Petaluma, R. S. Adams; Piedmont, W. E. Culver; Phoebe, A. J. Lindner; Porterville, R. A. Gardner; Richmond, Roy Lemoin; Riverside, Joseph Schneider; Roseville, Tony A. Alessia.

Sacramento, M. J. Dunphy; Salinas, J. P. Nichols; San Fernando, J. W. Thompson; Santa Ana, John Luembourger; Santa Clara, O. C. Quinn; San Paula, S. T. Finley; Sausalito, W. A. Cook; South San Francisco, B. H. Truax; Vallejo, D. H. Noonan; Visalia, H. G. Williams; Watsonville, L. Sandberg; Whittier, J. L. Snavely.

MOVIE STARS TO MAKE FILMS HERE

Well-known moving picture stars, appearing in photo-stories written by famous authors for productions to be made in Oakland is the result of a conference announced yesterday by Bud Pollard, Oakland picture producer.

Pollard, who returned from Los Angeles yesterday, says that he is negotiating with Arjorie Dax to appear in a series of two-reel comedies. The contract to be signed this week calls for the appearance of Miss Dax in a series of ten two-reel comedies to be made in Oakland.

According to Pollard, John Blackwood, author of many screen successes has already started on the first story and will have it ready for production in Oakland about October 1.

Edna Best, who wrote and directed "The Bishop of the Ozarks," which picture will be released in the very near future, is negotiating with Pollard for the production in Oakland of an Indian folk lore story.

Property for his producing studios has been purchased by Pollard at Moraga in Contra Costa county, because of the clear atmosphere on the other side of the hills that act as a "back-stop" for the fog from San Francisco Bay.

The studio will be opened early in October with a movie ball and pageant. The new studios are to be given the name of "Pollard City."

Man Convicted For 'Elopement,' Divorce Asked

The elopement from Los Angeles of her husband with a woman to Arizona in a stolen automobile on March 23, last, and his subsequent arrest in Yuma, Yavapai county, Arizona, conviction of auto theft and under the Dyer act with unlawfully transporting a woman for immoral purposes from one state to another which resulted in his imprisonment in the federal penitentiary at Prescott, Arizona, is related in a divorce suit filed by Mrs. Roberta G. Andrews against Thurman C. Andrews, a mechanic.

The complaint does not give the name of the "other woman" in the case and Mrs. Andrews' attorney refused to give any more details. The complaint recites that Andrews stole a stolen automobile from a garage on Spring street, Los Angeles, and with the woman in the case eloped to Arizona. Andrews is now serving time for the felonies, the suit declares.

The complaint makes the additional allegation that Andrews once slapped his wife in the face. She asks to be given a divorce with legal custody of Jean, aged 1 year, and \$30 a month for the child's support. The couple were married in Oakland on February 14, 1920, and separated March 17, last, five days before the alleged elopement.

U. S. PARTS COUPLE. DUBLIN.—Mr. and Mrs. Michael Courtney quarreled so strenuously over the question of going to America to live that they finally got a divorce so quickly.

Prison Chaplain Sold 'Bluebeard' Story, Is Claim

Confirmation of the report that O. C. Laizure, discharged chaplain from the San Quentin penitentiary for alleged malfeasance of office, sent the life story of James ("Bluebeard") Watson to New York without the manuscript being censored by prison officials, is contained in an affidavit filed in the superior court today by Mrs. Mayde R. Mootz in connection with a new trial sought by Herman E. Mootz, a former prisoner at San Quentin, for recovery of property.

The affidavit declares that Chaplain Laizure sent the manuscript to Mootz in New York, and that he went there for the express purpose of selling the life history to a syndicate for publication.

Denials are made by Mrs. Mootz in the affidavit that the property in her possession is worth \$100,000 or that he found strychnine in a glass of orange juice she gave him on October 5, 1919, in their home at Redwood City.

The former suit instituted by Mootz was dismissed because Mootz failed to appear in court on July 6 last. Mrs. Mootz declares he was in New York at that time, and cites this as a reason why he should not be granted a new hearing.

Mootz was sentenced to San Quentin on his conviction of an assault with a deadly weapon when he attempted to shoot his wife at their home at Redwood City. He was later paroled on the provision that he stay out of California, but this provision was set aside to let him appear here to prosecute his suit.

BETTER VISION HELD CHIEF NEED

Fifty-two per cent of all industrial workers have visual defects that interfere materially with business efficiency, according to Dr. Harry E. Goodman of Los Angeles, who last night delivered the second of a series of lectures before the members of the Alameda County Optometric association at the Key Route Inn.

"The correction of defective vision in industrial employees is a matter of prime importance to Oakland, in view of its industrial boom," said Dr. Goodman. "Factory production has been found to increase by leaps and bounds following a visual examination and the correction of eye defects," he said further.

An appalling condition, which was found to exist as a result of a recent analysis of conditions in the New York public schools, was revealed in the fact that of 100,000 children examined, 40 per cent had defective vision. Measured in money this condition cost the city millions of dollars spent in the education of children who had failed in their courses because of the inability to see correctly. Eighty-seven per cent of all education is visual, according to Dr. Goodman.

"Nerve exhaustion is the great disease of America," he said. "When imperfect vision is further deepening the nerve energy of individuals, they are headed for nervous bankruptcy."

An eight months' educational program is contemplated by the Alameda County optometrists, who have scheduled speakers prominent in the profession to address the association during the next few months.

HOLY LANDS WANT U. S. RULE, CLAIM

People of the Holy Land openly avow their wish to come under American control, Garfield Linsley, professor of geology and geography in Mills College, told students this week in the first of a series of lectures on "My Impressions in Palestine." Professor Linsley spent the summer abroad. "Since America is not a member of the League of Nations this is now impossible, although America has done more to help this little country than any other nation," he explains.

Arable land in Palestine might be set down in a small part of the San Joaquin Valley, the Mills professor comments. He said sentiment is the large reason for the Zionist movement. He declared that large amounts of capital will not be expended in changing

the course of the Jordan and bringing water to Jerusalem until a stable government has been established. He pointed out that Los Angeles had irrigation problems equally as difficult as Palestine.

What does food economy mean to you?

DOESN'T it mean good living at low cost? Foods that are "short" in nourishing value and "long" in waste are never economical.

The food, Grape-Nuts, is economical to the last serving in the package, because every golden-crisp granule really contributes to body-building.

Grape-Nuts offers the sturdy nutriment of wheat and malted barley in unusually compact form—a comparatively small amount providing exceptional nourishment. The 12-ounce package contains about 16 servings—costing about one cent each.

Every bit of Grape-Nuts is real food, uniquely free from the bulky waste found in many other food products.

Made from whole wheat flour and malted barley, Grape-Nuts has the benefit of 20 hours baking which so modifies the starch of these grains that easy digestibility naturally results.

Eaten with good milk or cream, Grape-Nuts is a complete food, which creates energy without taking away energy. And the gradual, daily accumulation of power is the greatest of all food economies, since reserve energy is what counts most, either in the sudden emergency or the long grind.

A food for economy—a food for health!

And a food with a charm of flavor all its own.

"There's a Reason"

Grape-Nuts

WIDOW IN WILL CONTEST REWEDS

Mrs. Ruth Lanz, who two days ago was awarded the \$50,000 estate which her husband, the late Dr. Paul Lanz, attempted to leave to his nurse, Mrs. Leah Templeton, is today the bride of Edward Jorgensen, Oakland newspaper man. The couple, who first became acquainted a year and a half ago, while Mrs. Lanz's will contest was in progress following her husband's suicide, were married at noon yesterday at the bride's home, 1541 Grand avenue. They left today for a ten-day honeymoon in Southern California.

Simple Way to Get Rid of Blackheads

There is one simple, safe and sure way that never fails to get rid of blackheads, that is to dissolve them. To do this, get two ounces of calomine powder from any drug store—sprinkle a little on a hot, wet cloth—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear. Blackheads are simply a mixture of dust and dirt and secretions that form in the pores of the skin. The calomine powder and the water dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition.—Advertisement.

Dr. Lanz committed suicide two years ago at his office in San Francisco. He left his entire estate to his nurse, Mrs. Templeton, in a will written on the fly leaf of one of his medical books. Prior to his death Mrs. Lanz had obtained an interlocutory decree of divorce, but the final decree had not yet become effective.

Mrs. Lanz contested the will on the alleged ground that the nurse had been guilty of improper conduct with Dr. Lanz and that she had unduly influenced him by giving him opiates.

The court first awarded half the estate to Paula, the posthumous daughter of the couple, born about a year and a half ago. Recently a jury in the Probate Court awarded the rest of the estate to Mrs. Lanz.

Mrs. Lanz, now Mrs. Jorgensen, was well known in Oakland as Miss Ruth Zell before her marriage to Dr. Lanz, which occurred two and a half years before his death. She was educated in the Oakland schools and in a convent at San Jose.

SNAKE KILLS DOG.
Butte, Mont.—A snake three feet long entered the kitchen of Mrs. Thomas Hoven and killed her dog.

Luncheon at Francisca Club Across Bay

There were a number of the eastbay debutantes who crossed the bay yesterday for the luncheon which Mrs. Gertrude Kins, daughter of Mr. and Mrs. Arthur D. Kins, gave at the Francisca Club. The afternoon was in compliment to a bride-elect, Miss Elizabeth Schmiedel, fiancée of James Moffitt. Among those from this side were Miss Jessie Knowles, Miss Claire Knight, Miss Elizabeth Biles, Miss Mary Kennedy, Miss Winifred Brown, Miss Elizabeth Mace, and from over the bay: Miss Geraldine Grace, Miss Rosamond Lee, Miss Frances Purdy, Miss Margaret Lee, Miss Helene de Latour, Miss Lillian Hopkins, Miss Mary Julia Crocker, Miss Katherine Bentley, Miss Eleanor Soreckels, Miss Margaret Ruckee, Miss Alice Moffitt, the Misses Josephine and Edith Grant, Miss Frances Leat, and a score more.

Mr. and Mrs. Samuel S. Shepard have returned from a month's motor trip to Lake County, where they were guests of their kinsfolk, Mr. and Mrs. Russell Van Horn Conley at their place, Oakdene, near Adams Springs.

After six weeks spent in Lake Tahoe and surrounding country Mr. and Mrs. Sam Brock returned this week to their home. Their itinerary included a trip to Yosemite Valley.

WEDDING TO BE AT HOME.

At the home of the bride on Peralta Avenue tomorrow evening the marriage of Miss Elaine Beaman of Berkeley and George T. Hansen of this city will take place. The wedding was not to have taken place until after the graduation of the bride. Half a hundred will be guests at the ceremony. Dr. E. F. Bennett of T. M. Methodist Episcopal church will officiate. Miss Myra Beaman, sister of the bride, will be maid of honor, and Miss Marjorie Mower, a former college classmate, will be bridesmaid.

After a honeymoon in Hansen and his bride will make their home in Oakland. Miss Beaman is the daughter of Mr. and Mrs. J. Foster Beaman, and a popular member of the younger set in the east bay region. Hansen is the son of Mr. and Mrs. J. Hanson of Oakland, and an eastern college man.

At 8:30 o'clock this evening the marriage of Miss Ramona Marks and William Cleveland Ross of New Mexico is to be solemnized at the home of Mr. and Mrs. Charles Bon in Thousand Oaks. Half a hundred guests have been bidden by the mother of the bride, Mrs. Louise M. Marks. The wedding is to be simple in appointment. Miss Doris Marks is to be the only attendant upon her sister. The bride-elect is an Alpha Phi at the University of California.

Miss Mildred Elam presided as hostess this afternoon at bridge in the home of Mrs. W. R. L. Campbell of Claremont.

The engagement of Miss Anastasia Eccles, daughter of the late Mr. and Mrs. William J. Eccles of this city, and Raymond L. Faneuf, son of Edward F. Faneuf of Oakland, was announced a few days ago. The wedding is to take place in the near future after which Faneuf and his bride will reside in Berkeley. Both are members of pioneer families of bay cities and have many friends here.

The Ladies Relief fund will be the richer by \$12,000 when the proceeds from the various concessions of Market Day are all told. More than one thousand of the little "Have a Heart" cards were sold to passers by.

The candy concession alone, under the supervision of the Junior League, sold 1200 pounds of sweets to Oaklanders.

LUNCHEON FOR BRIDES-ELECT.

October 7 Mrs. John C. Sutton will be hostess at the Francisca Club across the bay, the affair to be in the nature of a luncheon for the Misses Eleanor and Marjorie Campbell. Gowns will be laid for twenty-five guests.

BABY HOSPITAL MEMBERS ACTIVE.

The days between now and the end of September are filled for the members of the various branches of the Baby Hospital. The bazaar, which is always an important feature of the annual hospital fete.

Cantilever Shoe for Men

"Hand Troubles" Are Unheard of

Because the hand is always free, foot troubles are common because in ordinary shoes the feet are hampered in their movements. The freedom is restricted by the unyielding sole of the shoe. The muscles are cramped by a last that does not fit. But you get your feet as free as Nature intended in the Cantilever Shoe.

The shank is flexible. There is no steel "shank piece" in Cantilevers as in most shoes to check the play of the muscles. With every step, the shoe bends as the foot bends. The muscles grow strong, enduring, healthy, from the exercise of walking. Thus Cantilevers strengthen weak arches and prevent and correct flat foot.

Cantilevers are smart looking and they add to your appearance. They encourage graceful carriage. The heels are fabulously low and broad. Change to Cantilever Shoes this week and enjoy their refreshing comfort.

Sold in Oakland only by

'Tire Bouchon' Or Corkscrew Newest Dance

All hail the corkscrew! This is not a challenge hurled at the blue lightning of prohibition. It is the welcome watchword of the latest dance. The "corkscrew," so widely known as the "tire bouchon" is Terpichon's latest twist. Local dancers are perfecting themselves in this ultra-modern ballroom sensation, following a disquisition on its merits yesterday by George C. Heinz, president of the California Society Teachers of Dancing.

The society opened a four-day convention in San Francisco yesterday on the roof garden of the Hotel Whitcomb.

The "Argentine fox trot," the Ritz waltz and the Junior fox trot, all of them more or less "tame," are, it was announced, replacing the faster, snappier steps that have been popular for some time past.

Miss Hulda L. Harker of New York, a demonstrator of the International Association, Masters of Dancing, said, in speaking of the "corkscrew" dance: "It is modified and shock proof. Our grandmothers would never have turned a hair. In fact, they would have enjoyed it."

It was stated that skirts do not wield any influence upon the modern dance. On the contrary, the skirts are modified to fit the needs of the latest styles in dancing; it was declared.

A normal school is being conducted in connection with the convention. Miss Harker is giving instruction in the "corkscrew" and other new forms of ballroom dancing.

Negligence Charge Denied by Requa

Mark Requa, Piedmont capitalist, in an answer filed to a suit for \$5000 damages instituted by Thomas M. O'Donnell some time ago, today denies any negligence on his part because his automobile struck O'Donnell on Seventh street between Pine and Wood streets, March 4, last. The answer charges that, on the contrary, O'Donnell himself was negligent because he stepped from between two parked automobiles near the curb directly in the path of his machine.

Pocahontas Degree Plans Public Whist

RICHMOND, Sept. 20.—Plans were completed for the public whist party to be held on Thursday evening, September 28, in Pythian Castle, last night by Onetah Council, Degree of Pocahontas.

The committee arranging for the event is made up of Mrs. A. B. Cole, chairman; assisted by Edna Courtney, Mabel Frates and Anna Smith.

Women's Club Fixes High Goal For Literacy

By EDNA B. KINARD

A 100 per cent literate column in California by 1930 is the goal fixed by the California Federation of Women's Clubs as its part in a nationwide movement, fostered by the General Federation. Mrs. W. A. Fitzgerald, state president, is presenting the gigantic task to the 60,000 women of the federation with enthusiasm. "Each one teach one" is the slogan which is being passed along.

Surveys show that in California there are 95,000 illiterates, according to Mrs. Fitzgerald's proclamation urging her fellows to the campaign. In the United States statistics give 5,000,000 as the total of illiterates.

"No better beginning for our task can be made than to acquaint ourselves with the legislation that provides for school attendance in this state and that governing child labor and to work untiringly for the enforcement of the laws," Mrs. Fitzgerald says.

The average attendance of children at school in the United States is 90 days a year and of children of school age 17.8 per cent are not enrolled in any school, public or private, a recent bulletin on Child Welfare states.

The organized women of the state have allowed themselves eight years to wipe out illiteracy in California.

Dr. Aurelia Henry Reinhardt, president of Mills College, will be the speaker tonight at a brilliant program announced by the College Women's Club in the Twentieth Century clubhouse of Berkeley. A large number of guest cards have been sent out for the September meeting which has been arranged by Dr. Mary Roberts Coolidge. Mrs. Blanche R. Toland will be chairman of the reception committee. The board of directors, Mrs. Eugenia Colby, president, will assist in welcoming the members and their friends.

Banking service will be discussed before the Business and Professional Women's Club, following the regular luncheon in the Broadway clubrooms tomorrow. George S. Meredith, vice president of the Farmers' and Merchants' Bank, will speak.

The September dinner has an important place on the calendar of the 23rd. A survey of European conditions will be offered by Dr. C. L. Kloss who has come back from a summer abroad. To boost the "Forward Call-

ifornia" movement, the San Francisco Soroptimist Club will hostess a dinner tomorrow night in the banquet hall of the M. J. Brandenstein plant. Oakland club women have been invited to join the celebration. Accommodations are being made for 300 guests.

Miss Mary Margaret Morgan, supervisor of San Francisco, and prominent clubwoman, will be the principal speaker.

Melrose Heights Parent-Teacher Association has launched a movie business. To assist in paying for the apparatus which the members have presented to the school, a show will be given in the school auditorium on Friday night at 7:45 o'clock under their patronage. The school orchestra has been recruited to the assistance of the mothers and will play the overture and numbers between the films. "T. Haviland Hicks, Freshman."

A group of songs by Mrs. Howard Bacon will supplement the program of the Fruitvale Women's Club with which the members will open the season tomorrow. Fruitvale school auditorium will provide the meeting place. The project of the municipal museum will be discussed by Blanks Everett of the Chamber of Commerce and Commissioner Edwa

Moderately Priced Highest Quality

How We Save You Money

Ninety-five per cent of all mahogany used in the United States grows in the Philippine Islands, or in countries bordering on the Pacific Ocean. It pays a three thousand mile freight haul to eastern factories, where it is made up into furniture and then again at heavy expense shipped west three thousand miles to the local dealer. Up to this point three profits have been added to the cost, two by railroad and one by the eastern manufacturer.

Now suppose that with these three added profits the landed cost of an article is one hundred dollars. What then happens? To cover high rents, salaries and other heavy operating expense, the local dealer doubles the landed cost. When now offered to consumer with four profits added, the price is two hundred dollars.

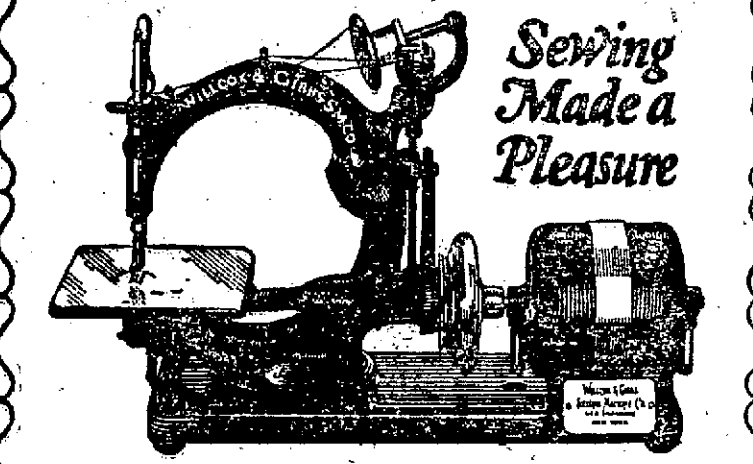

We now ask you if by the elimination of these added costs we are not well within the truth, when we say that we can save you at least a third of your money on breakfast room, dining room and bedroom furniture, when we make and sell it to you direct from under the roof of our own factory? Think it over.

If money is of any value to you why not save these pyramiding profits for yourself? Drive out and drive in and be convinced.

Reasonable terms.

Cantilever Shoe for Men

"Hand Troubles" Are Unheard of

Because the hand is always free, foot troubles are common because in ordinary shoes the feet are hampered in their movements. The freedom is restricted by the unyielding sole of the shoe. The muscles are cramped by a last that does not fit. But you get your feet as free as Nature intended in the Cantilever Shoe.

The shank is flexible. There is no steel "shank piece" in Cantilevers as in most shoes to check the play of the muscles. With every step, the shoe bends as the foot bends. The muscles grow strong, enduring, healthy, from the exercise of walking. Thus Cantilevers strengthen weak arches and prevent and correct flat foot.

Cantilevers are smart looking and they add to your appearance. They encourage graceful carriage. The heels are fabulously low and broad. Change to Cantilever Shoes this week and enjoy their refreshing comfort.

TWO HEAVYWEIGHT MATCHES ON TONIGHT'S BOXING CARD

STANFORD COACH DIVIDES SQUAD INTO TWO TEAMS AND IS HOLDING DAILY SCRIMMAGES

KRAMER AND BUNKER IN THE MAIN EVENT; RITTER TO BOX DENNY

Soldier Lamson and Al Hoag will Fight for Chance to Appear in the Headliner at the Next Auditorium Show

By BOB SHAND

It has been a long time since a pair of heavyweight matches graced a local boxing card, but the customers who like to see the big fellows in action tonight should be satisfied. The quartet of heavies will fight not alone for the medals that have been hung up by Promoter Tommy Simpson, but for a crack at the main event honors the following week. Should Cliff Kramer flatten Harlan Bunker in the main event, or vice versa, and should either Soldier George Lamson or Al Hoag score a knock-out, there is a fine main event for the top of next week's card. Simpson has informed the boys that the winners will get special medals at the next show, so they are a cinch to tear in and do their best.

Bunker will come down from El Verano this afternoon, accompanied by Frankie Denny and a host of Sonoma county admirers. Denny has been working with the Parente heavyweights and announced over the phone last night that Harlan looked mighty good in the gymnasium. Denny Bally Morris will meet Bunker at the Depot, and take charge of him during the fight. Louie Parente manages Bunker, but Morris is the official second. Denny dropped in this morning to predict a two-round victory for the Parente entry.

Kramer did only light work yesterday and Frank Dunleavy, his manager, reports him fit for a grueling battle. Cliff has been boxing steadily for two weeks and his punches seem to have more snap to them. For the first time in his career he will meet a man bigger than himself—Bunker measuring six feet four inches in his holopost and having reach and weight in proportion.

Lamson Gained Fame By Stopping Gardner.

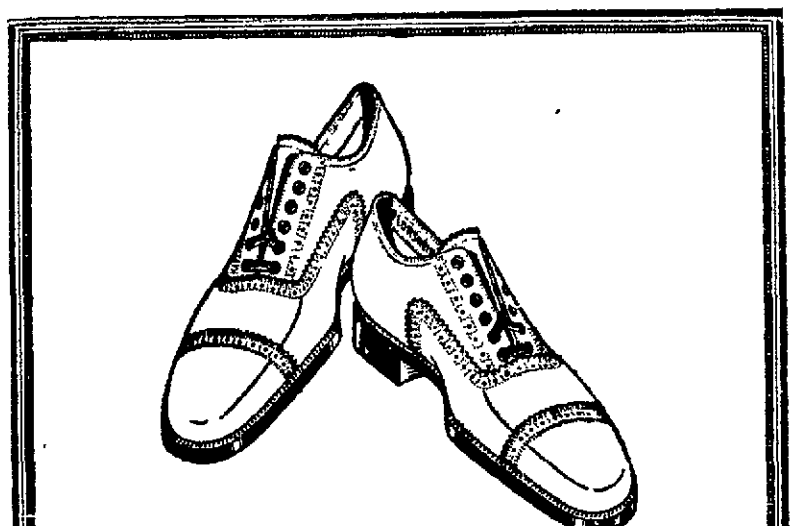

Soldier Geo Lamson was practically unknown until he flattened Tommy Gardner in San Francisco the other night, but there was a rush for his services following the sensational knockout. Simpson was lucky enough to offer the best medal and secured the military man to swap punches with Al Hoag. The latter is far from being a flashy fighter but will serve as a good trial horse for Lamson.

He Hits Hard

Here's a picture of George "Soldier" Lamson, the hard-hitting heavyweight who meets Al Hoag at the Auditorium tonight. In his last start across the bay Lamson flattened Tommy Gardner.

FOOTBALL FACTS worth knowing

by SOL METZGER

Q. If a player blocks a try for goal from scrimmage after a touchdown and one of his players picks up the ball and runs for a touchdown, is the score allowed?

A. No, the ball is dead after trial for goal following touchdown. Rule 10, last paragraph.

Q. Team A tries for a placement goal from opponents' 20-yard line, following a fair catch. Member of Team D is offside when ball is kicked and blocks the ball. What is the decision? Is the goal allowed?

A. Team A is given another trial from 15-yard line of Team B. Rule 11, Section 5.

Q. End of our team was standing with feet on side lines when ball was passed back for punt. He recovered fumble by opponent down field. Do we get ball at this point?

A. No. Your team is penalized 5 yards from where ball was put in play. Rule 12.

Q. On a punt, our end in running down field, stepped out of bounds and then came in and made tackle. Opposing captain claimed he was out of play, but referee doesn't allow claim. Was he right?

A. Yes. There was no rule eliminating man from play if he steps out of bounds without ball in his possession. Rule 12.

Q. On an inside punt our back, who was behind the kicker, ran down field and knocked down opponent who was signaling for a fair catch, thinking he had a right to the ball. We were penalized 15 yards and opponents given the ball. Referee would not listen to argument that man was on-side. What rule covers this play?

A. Rule 15, Section 3, b, states that outside man on such a play may only make attempt to catch ball. Look it over. If any football rules puzzle you, write Sol Metzger, care of our Sporting Editor, enclosing stamped, return envelope. He'll give you a quick and correct decision.

ANDY KERR SELECTS CARDINAL LINE-UPS FROM HIS VETERANS

Sproull, former End, Quarterback on First Team; Stanford Line Possessed of Strength But Backfield Is Weak

STANFORD UNIVERSITY, Sept. 20.—Two separate squads of Stanford football candidates instead of one will practice daily or twice daily under Coach Andy Kerr, who divided his outfit today in order to get in closer touch with individuals. Several recent withdrawals on account of eligibility requirements reduced the total number of candidates to 96 this morning. The total, however, is expected to hover around the hundred mark until the first of October when the squad usually shows a material increase.

Kerr has been watching teams number one and two from the first squad pretty closely and will decide before long just about what men will line up before the Olympic Club in the Cards' first battle. Men will be advanced from the second string as they show improvement, but it will be at the expense of those candidates now on the upper layer who are unable to show enough stuff.

The teams picked by Kerr line up as follows:

First team.	Position.	2nd team.
Johnson	tackle	Loomis
Pheney	guard	Fellerton
Van Hook	center	Wright
Shipley	guard	Houck
Lawson	tackle	Dole
Sproull	quarterback	Woodward
Wilcox	half-back	Dougherty
Murray	half-back	Cleveland
Cuddeback	full-back	Wheat

Kraft, Thomas and Campbell interchange with the backs of both teams. Dennis and Wheat from the 1921 freshmen eleven are still several squads down the line and are expected to be among the backups.

The shortage of backfield material will make the change necessary if nothing else.

Cards Have Line Men But Few Backs

Both Andy Smith and Kerr, have their difficulties with line and backfield, but those same troubles seem to alternate between the two universities. The shortage of backfield material, but there wasn't enough of a stone wall in front. This year, it looks as if there would be the required amount and quality of beef in the vanguard.

Wheat, who played last year and last season, is still a backfield question. Art Wilcox is really the only veteran in that department, although Rae Dougherty went through most of the season last year and last season, and is still a backfield question.

Andy Smith, on the other hand, has backfield material to give away, but is hard hit by the loss of his stone wall. If some of the line-pluggers, there but not in line, were to be plugged in, the problem would be easy. It would be a wonder team all over again, without doubt. As it is, neither coach can safely predict a season of straight victories.

Backfield Huskies Are All Untried

Of course Smith has plenty of substitutes to fit in the shoes of last year's linemen. For that matter, Kerr has plenty of speed and beef to make a battering backfield, but in both cases the candidates are untried material so far as varsity experience is concerned. Only one or two on each team are regulars. The big question between the two is the middle of October is an old one to both coaches. Will the last year's freshmen and second stringers improve enough with an extra year's experience to equal in ability the lost stars? It must be admitted that the prospects are good. It has been said that Andy Smith's second team was just about as good as his varsity. At any rate enough of them have returned to prove whether or not that assertion is true.

Stanford, however, looks to her babe team of last year for a lot of help. The newly-made sophomores look like considerably better star-climbing ground than the returned second stringers. The babe list includes, of course, the men who entered Stanford after football season and are now eligible for varsity without having gone through the freshman grilling. This list includes Johnson, Houck, and Lawson.

Janssen Looks to Rate End Position

Either Bob Janssen or Middleton from the freshman squad is likely to get a death grip on one of the ends. Maybe both of them will. Harry Shipley, babe tackle, couldn't be kept off the first eleven with a shot gun unless he lost his football sense.

"Red" Batts sneaked up on him today while he was weighing and found the scales balancing at 201. When Fred Ludoke comes back, he'll have to stick on his chin a couple of additional inches and draw on his reserve of fight to keep in at tackle.

Norman Dight, despite the fact that he is handicapped by having a great family reputation will have to out with Chuck Johnson for the other tackle and may cause a shake-up in the dopest's lay-out.

Van Hook and Cook, whose names have been punned on before, and "Red" Macrorie are good substantial linemen but do not measure up to Shipley-Ludoke standards. Cook, however, now weighs 185 pounds and is in good condition after a hard summer's work.

Cuddeback One Back Sure of His Job

Wheat and Dennis are the only two remaining backfield men from the 1921 freshmen eleven. This doesn't include Cuddeback. He goes without saying. The question on the first eleven at present is whether or not Dennis or Wheat will be able to get a handle on the game.

Paul Murray, Kraft, Cleveland and Hartman are the only good possibilities from the second team of last season. There may be others but they haven't shown their stuff yet.

Following is the tentative line-up, which will stand unless someone breaks training rules or a colic horse:

Position	Weight
John Logan, Left End	160
George Noll, Right Tackle	175
V. Powell, Center	180
Al Dutton, Left Tackle	160
John Lewis, Left Guard	165
"Spud" Miller, Right Guard	180
Capt. Andy Kirkhoff, Right End	170
Bud Marshall, Quarter	150
"Moose" Pawke, Left Half	175
George Noonan, Fullback	168
Otto Schell, Right Half	172
George Nolan, Center	180

Coach Buckingham has arranged a practice game for his Missionite squad on Friday afternoon at which time he will send his first string regulars into action against a final test before the California game. On the strength of their showing against the "Subs" the Santa Clara eleven that will face the Bears will be picked.

Body of Sarles Is En Route to South

LOS ANGELES, Sept. 20.—Funeral arrangements for Roscoe Sarles, automobile racing driver, who was killed in a race at Kansas City, last Sunday, have been completed. He will be buried here "hurryday" afternoon. The body is expected here tomorrow, accompanied by Tommy Milton, race driver and close friend of Sarles.

GOLF

GOLF

By W. D. McNICOLL

The Subscription Cup contest took place yesterday at Claremont under ideal conditions, but only a small crowd was present.

Mrs. J. C. Cushing, the tennis expert, played wonderful golf when she rounded the course in 88. Mrs. Cushing is rated as a half-century player, but her medal score today was equal to many new-scratch players' best scores.

Mrs. B. P. Legare (0) plays Miss Violet Whitney (2).

Mrs. H. A. Prole receives a bye. Mrs. H. H. Sherwood receives a bye.

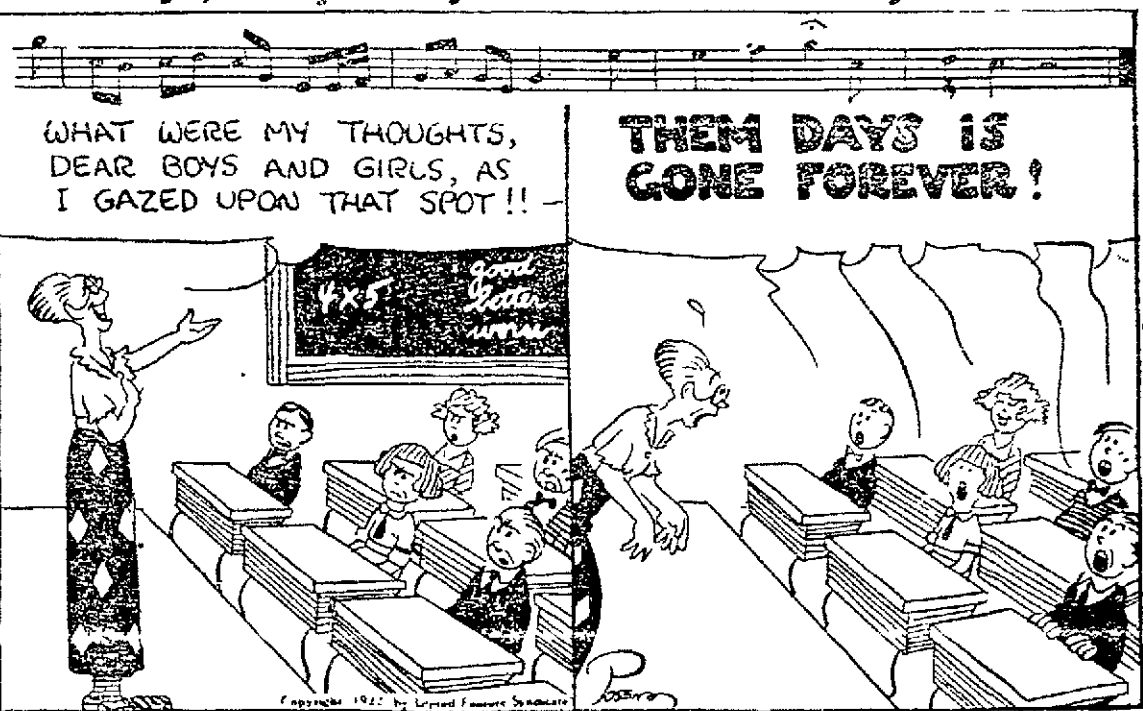

Mrs. J. C. Cushing's long drives are the feature of her game. She is driving an extraordinarily long ball which out-distances her opponent, Miss Dorcas Kavanagh, from the tees repeatedly.

What promises to be one of the most interesting contests of the year is an inter-city match between the dental golfers of Oakland and San Francisco.

Dr. C. E. Jarvis is busy engaged in arranging details, which will be announced later. A team composed of the best talent from both cities will then be selected to challenge the Los Angeles representatives, who have a membership of over 150 to choose from. This contest is to take place at Del Monte early next month, the 6th, 7th and 8th being the probable dates.

"School-Days, School-Days."

Husky Heavies Ready for Gong At Auditorium

Here is the fistie program that will be offered at the Auditorium tonight:

Cliff Kramer vs. Harlan Bunker.
Frankie Denny vs. Sailor Ritter.
Soldier Lamson vs. Al Hoag.
Red Dolan vs. Arlos Fanning.
Frankie McCann vs. Billy Wallace.
Jack Burns vs. Mickey O'Donnell.
Cap Nelson vs. Mike Russo.

Andy Smith Plans

NOVEL PROGRAM FOR BEARS ON SATURDAY

Eighty Minutes of Consecutive Football for Freshmen, Goof and Varsity Squads Will Mark Initial Scrimmage; New Men Look Good

By DOUG MONTELL

Continuous football, an hour and ten minutes of it, will be in order next Saturday afternoon on California Field when Andy Smith turns his warriors loose for their first open scrimmage of the season. It will be in the nature of a general workout with no one being overlooked. The program, as announced last night by Andy at the conclusion of practice, was to the effect that the first string varsity men would be sent into action against the Goofs and that the second varsity would look horns with the pick of the freshmen squad. Eight ten-minute quarters are to be played with no intermission, the varsity and Goofs opening the afternoon's festivities and the freshmen and second varsity alternating in providing the action.

The idea is the most unique one and it will be the first time that such a thing has been attempted in the west, being one of the ideas accumulated by the Blue and Gold coach on his trip East. By way of explanation Andy pointed out that the Bears are the most unique one in which to prepare for the opening game of the season against Santa Clara and that the Missionites have been hard at work since the first of the month under Coach Buckingham, and have already played one practice game. The wily Bruin mentor does not believe in being caught unprepared.

Bears to Perform For First Time

It will, furthermore, afford the followers of the game their first glimpse of the Bruins in suits since they started practice last Friday. For the work of this week's California Field have all been conducted under secret practice regulations, as will be the case from now on until the end of the season, except for such days as may be set aside for blazer rallies in mid-week.

Many new faces have been seen on both the first and second varsity squads and of these several have displayed sufficient ability in the short time that the squad has been working that they may be given an opportunity to display their wares in action in the first few games of the season which figures to be more or less in the nature of practice contests, Santa Clara, the U. S. Marines and St. Mary's hardly rating alongside of the other teams that are listed on the schedule. Bear's schedule later in the season.

Rosenthal Shows Linemen a Charge

Those few who have observed the work of the California squad in secret practice will readily testify that Boles Rosenthal is the most energetic man on California Field. The Bears line coach believes in practical demonstrations with every lesson he is drilling into his squad of twenty linemen. When Boles says "Take a man out," referring to charging, he means take him out. The former Minnesota center still retains the ability to charge the line. He had when playing under Dr. Williams in the days when he was named as the best center in the Big Ten. Last night Boles showed a flock of aspiring guards and tackles the methods of carrying an opponent out of play and several of the young huskies were deposited on the turf many yards from the scene where the action started on account of Boles' thorough businesslike methods.

A teacher of linemen there is none better and Andy Smith has found plenty of time to survey the scene with a smile of satisfaction. Andy's problems are materially lessened by the fact that Rosenthal is capable of drilling the line while Nick Price knows the backfield work from the word "go" and has his thirteen backs working signals like a well oiled machine with but three days of actual work.

New Material Is Surprise of Year

While the California first eleven is shaping up fairly well with a nucleus of veterans on hand the attention of Andy Smith is focused on the new men who will constitute the reserve strength and will be ready to step into the shoes of the host of recruits who are playing their last season. Of the eleven new running signals in the first string eight are due to graduate. Muller and Berkey are ends. Beum at tackle. Clark at guard. Gallagher at center. Erb at quarterback. Morrison at fullback and N. N. at fullback have but the present season to play. The west coast night will be a man-sized job. No wonder Andy is concentrating his attention alternately between the second string and the freshmen. In them lies his hope of being able to replace the 1921 season.

The two ends appear to be settling down to the task of the game.

Orders have been issued at St. Mary's to the effect that during football season there shall be no swimming indulged in by members of the Varsity squad. Yesterday, by way of explanation, stated that swimming had the tendency to soften the muscles of the athletes and that by allowing Kahanah, Long and Black, a trio of paddlers, to take a little time in the water after practice the hardening exercises would all be wasted.

The first real football game of the year is slated for next Sunday afternoon at Ewing Field, when the U. S. Marines, under Coach Sommer, will tackle the Olympic Club. Both elevens have been working for three weeks and have had time to develop an amount of teamwork that makes a real contest of the game.

Speaking of weight, Walt Gordon took the palm as assistant California line coach, who by the way, played on the same team with Monlux, tips the beam at 255 net and blushing admits that he "thinks he is gaining a little." Walt is still able to show the boys the correct method of assaulting a charging machine.

Old California alumni, who followed football in the days when the Bears were a team, will be sorry to learn of the death of L. A. "Kid" Hillborn, who recently underwent an operation for appendicitis in San Francisco. "Kid" Hillborn played on the team in 1914 and in his day was a star in both football and track.

The hardest and most dangerous work of the season, the one that is the toughest and the one that is the most dangerous, is the one that is the toughest and the one that is the most dangerous.

Yesterday, by way of explanation, stated that swimming had the tendency to soften the muscles of the athletes and that by allowing Kahanah, Long and Black, a trio of paddlers, to take a little time in the water after practice the hardening exercises would all be wasted.

The first real football game of the year is slated for next Sunday afternoon at Ewing Field, when the U. S. Marines, under Coach Sommer, will tackle the Olympic Club. Both elevens have been working for three weeks and have had time to develop an amount of teamwork that makes a real contest of the game.

Speaking of weight, Walt Gordon took the palm as assistant California line coach, who by the way, played on the same team with Monlux, tips the beam at 255 net and blushing admits that he "thinks he is gaining a little." Walt is still able to show the boys the correct method of assaulting a charging machine.

Old California alumni, who followed football in the days when the Bears were a team, will be sorry to learn of the death of L. A. "Kid" Hillborn, who recently underwent an operation for appendicitis in San Francisco. "Kid" Hillborn played on the team in 1914 and in his day was a star in both football and track.

Electrical Shopping Simplified

The "Check" Seal and what it means

The number and variety of electrical materials and appliances on the market is almost infinite. For the average householder, the problem of choosing wisely is difficult.

The "check" seal represents a means of simplifying that choice, and directing the electrical consumer to standard electrical materials and appliances and to qualified contractor-dealer service.

The "check" seal is the mark by which the Pacific States Electric Company identifies for the public a complete line of electrical materials and appliances. Every item bearing this seal is certified as standard. Some of them are shown on this page. Others will appear in later advertisements of this series. They are distributed through responsible dealers and electrical contractors qualified in every way to deliver the kind of service you are entitled to expect.

Avoid a sub-standard contracting service as you would sub-standard practices in any other line. You will save both time and money by going to the qualified electrical contractor who will consider the problem of electrifying your home as a whole, and who will provide good workmanship, standard materials and reliable, certified appliances.

The electrical appliances shown on this page, together with other standard electrical products, certified by the "check" seal, are described in our new booklet, "The Electrical How for Householders." You will enjoy this booklet, with its many practical suggestions for the convenient and economical utilization of electricity in your home. It may be obtained free from any electrical contractor or dealer displaying the "check" seal.

HOTPOINT HEDLITE GLOW HEATER

Clean and concentrated heat, when and where you want it, is ideally supplied by the Hotpoint-Hedlite automatic heater. It is especially adapted for warming small rooms, bathrooms, etc., and for drying hair after a shampoo. Should the heater be accidentally upset, the automatic gravity switch breaks the current and closes the circuit again when the heater is righted.

HOTPOINT VALVELESS PERCOLATOR

Made throughout of copper in an artistic panelled design. Equipped with the standard Hotpoint percolating apparatus and safety switch which cannot get out of order or be damaged if the percolator is allowed to boil dry. Starts percolating 30 seconds after the current is turned on. The percolator method provides the means to delicious coffee.

WALKER DISHWASHER

The one thoroughly practical dishwasher. On the market seven years and steadily growing in popularity. Thousands now in use. It can be directly connected with water supply and drain pipes and practically eliminates the housewife's most disagreeable task. It saves fully an hour a day in time and is easily cleaned. You may safely entrust your fine glass and fragile china to the Walker. It is equipped with G-E motor.

THOR ELECTRIC WASHING MACHINE

The Thor washes everything from fine laces to grimy overalls without any rubbing. It does the week's washing in half the time required by hand methods and eliminates all the hard work of hand rubbing and rinsing. The Thor is scientifically constructed and solidly made. Always ready and seldom gets out of order. On the market 14 years. Over 750,000 now in use. It is equipped with G-E motor.

G-E TUMBLER SWITCHES

The G-E tumbler switch is the latest device for controlling circuits, and stands up better than any other device made for a similar purpose. It is self-indicating down and it's off. It can be operated with the arm or elbow should the hands be full. Supplied in both flush and surface types.

THOR ELECTRIC IRONER

Does the average family ironing in about one-fifth the time it takes to do it by hand—and does it better. It handles everything from household linen to lingerie. The cost of operating is about 5 cents an hour. No special skill is required to operate the Thor. The control is automatic and there is no complicated mechanism to get out of order. It is equipped with G-E motor.

What Is a Used Car?

EVERYBODY'S car is a USED car. Did you ever think of it in that way?

Most of the cars you have admired have been USED cars—those that have passed you in the streets and highways—those you have seen parked throughout the city—those you have ridden in with friends!

Many of them you would have liked to own. You would have been proud—satisfied—and confident of the service and value in these USED cars.

Did you ever stop to think that some automobile dealer may have on his floor, waiting for you, the very car you have seen in service, and admired?

And at a remarkably low price?

That VERY car may be there ready for you. It is a USED car, of course, but it was a USED car when you first saw and liked it!

Why not look around through the salesrooms of the automobile dealers, listed below, and know first-hand what remarkable values they are offering in USED cars?

When a car owner sells his automobile, he always sacrifices something beyond the actual material value of that car. The mere fact that a car has been in service discounts its sales value out of proportion to the actual depreciation in the car itself.

Merely because it HAS been used it sells for less than it is actually worth.

The tangible value is there just the same—but human nature expects and GETS a certain discount in price just because the car can not be said to be NEW.

Some of the greatest values in motor cars today exist in these USED cars.

The dealers listed below are established, reputable and reliable automobile dealers. The USED cars which they offer can be depended upon. The values are exceptional—and the prices are low.

These dealers display the symbol shown at the top of this page—your assurance of "Used Cars of Known Value." Call on these dealers—see what they have to offer—and know their prices. You will be agreeably surprised.

WE ARE GOING TO MOVE THEM OUT.
HERE IS YOUR OPPORTUNITY.

Oakland Tribune DAILY MAGAZINE

Eastbay and the World in Pictures—Comics by Famous Artists. Irvin Cobb, Geraldine, Clarice Patterson.

"ONE GLORIOUS DAY"—That's what Oakland called the annual Market Day held under auspices of Ladies' Relief Society at the City Hall Plaza. The plaza wore a Spanish atmosphere for the time being—senoritas and everything.

WANTED, A THRONE—Grand Duke Cyril of Russia, here shown, recently proclaimed his right to the throne of Russia. Several persons disagree with him.

SOMETHING TO FALL FOR—Her name's Miss Becky Gray and she's pretending to be a waterfall, having played the part of a water nymph in the Parthenon. She's one of Nature's beauties, anyway.

SKYLINE HISTORICS—Boys of the Montezuma Mountain Ranch School give mountain pageant near Los Gatos.

A CHRONIC KICKER—This gridiron hero is portrayed registering the first kick of the football season when it opened at U. C.

ALL AT SEA—That's the way the men will feel when they try to concentrate on this new "Steamer Hat" worn by a dashing model. The hat is of green felt with silver cloth brim and flowers. Maud Goodwyn is its creator.

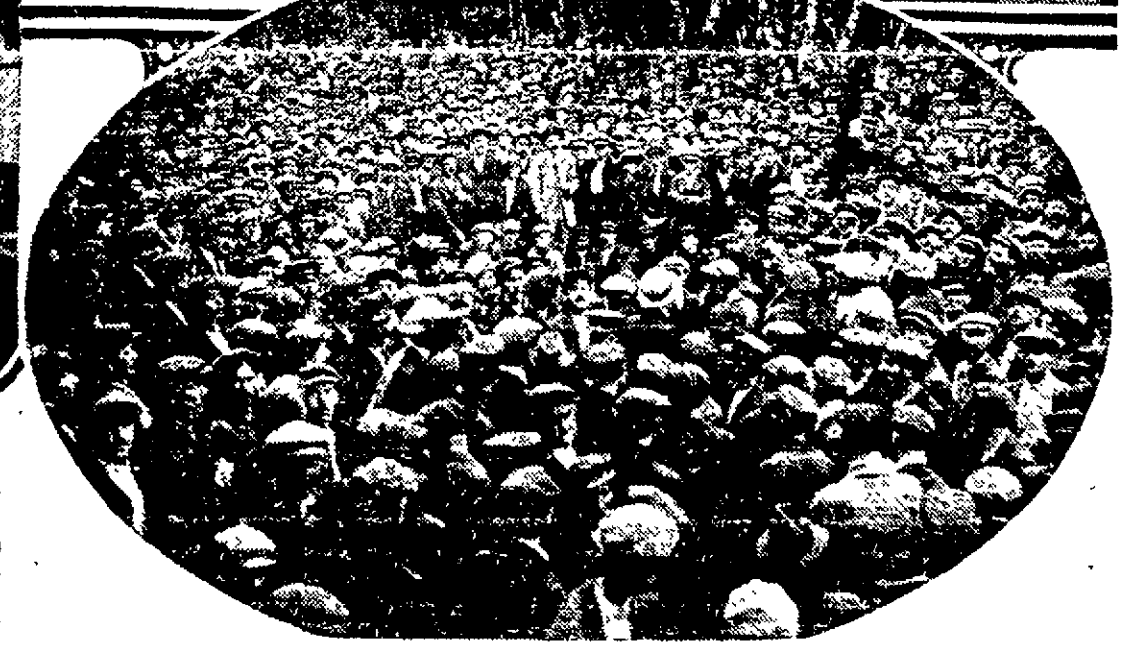

MUSIC IN THE HEIR—So says M. L. M. Ludwig, father of Mrs. Marguerite Matzenauer, contralto prima donna of Metropolitan Opera, who has come to America to make his home with his daughter. Little Adrienne, his grand-daughter, is also shown.

SAD REFLECTIONS—Lady Diana Manners, applying a bit of makeup for "The Glorious Adventure," between scenes. She has just discovered a freckle. Hence the look of dismay.

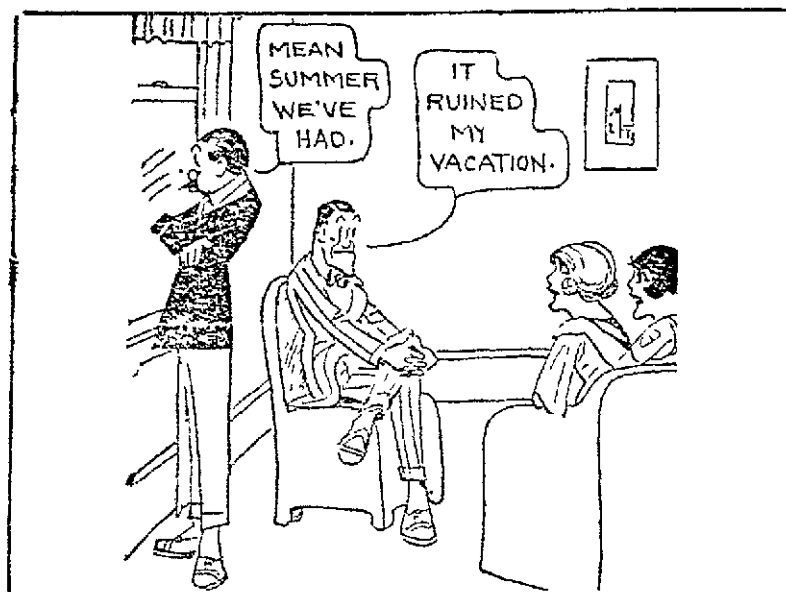

AN EARFUL OF GOSSIP—Mrs. Hastings Arnold's "Deener Dan Sun Star" Dalmatian dog, whispers canine confidences to Mrs. Attmore Robinson's "Head of the River Windholme Harriett," at kennel club show at Huntington, Long Island.

"STRIKITIS" AT HAVRE—Metal workers in port of Northern France are on strike. During recent disorders there pavements were torn up for use as missiles. (Photos Copyright by Underwood and Keysone)

PERCY By MacGill

Uncle Wiggily Stories By HOWARD R. GARDNER

UNCLE WIGGILY AND BECKIE'S BONNET.

"UNCLE Wiggily! Oh! Uncle Wiggily!" called a voice outside the hollow stump bungalow of the rabbit gentleman one day.

"Dear me!" exclaimed Nurse Jane Fuzzy Wuzzy, who was mending holes in the rabbit's socks. "I hope that isn't the Boo Cat."

"You don't hope it any more than I do!" exclaimed Uncle Wiggily. "I'll take a peep through the side window before I go to the door."

But when he had looked from the side window Uncle Wiggily saw only Beckie Stubtail, the girl bear, standing on the porch.

"It's all right—only Beckie!" laughed the bunny, as he opened the door and let her enter.

"Oh Uncle Wiggily!" exclaimed Beckie. "You were so kind as to show my brother Neddie a lovely hide-hole in the woods yesterday, that I was wondering if you could show me one."

"Tut! Tut! None of that!" laughed the bunny, holding up one paw. "I'm not going to show you how to hide in a hollow log, Beckie, and have you stuck there so you can't get out! Never!"

"Oh, I don't want you to show me a hide-hole," laughed Beckie. "All I want you to do is to show me how to make a new bonnet."

"A new bonnet?" cried the bunny gentleman. "I don't know anything about making bonnets for animal girls!"

"Oh, yes, he does; doesn't he, Nurse Jane?" asked Beckie.

"I guess she means the time you took a flower, turned it upside down, tied some ribbon grass around it and made a bonnet for Susie Littletail," spoke Nurse Jane.

"That's it!" giggled Beckie. "I'm going to a little party this afternoon, Uncle Wiggily, and I wish you'd come to the woods with me and make me a bonnet. Make it out of flowers, ferns, grass or birch bark—I don't care what."

"Hum!" murmured Uncle Wiggily, with a twinkle of his pink eye. "Yes, I might, I s'pose,

make you a bonnet of birch bark."

"Oh how lovely!" cried Beckie. "I just know my bonnet will be the nicest one at the party. I'll tell all the animal girls that Uncle Wiggily made it and—"

"Hush!" cried the bunny with a laugh. "Then they'll all be teasing me to make them bonnets. If I'm lucky enough to make you a bonnet, Beckie, please say nothing about it. Let them think it came from the eleven and twelve-cent store if they wish."

"All right," agreed Beckie. "Soon she and Uncle Wiggily were on their way toward the woods, where the white birch bark grew on tall trees. On the way Uncle Wiggily was thinking of the best way to make Beckie a bonnet."

"It was mostly luck before, making one for Susie," he thought to himself. "I don't know how this may turn out, but I'll do my best."

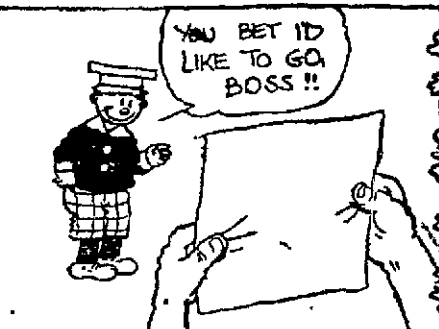

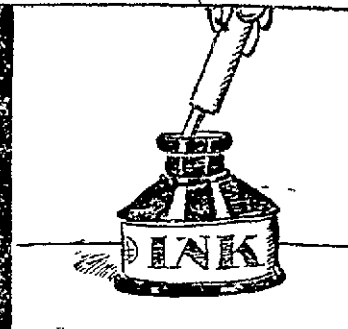

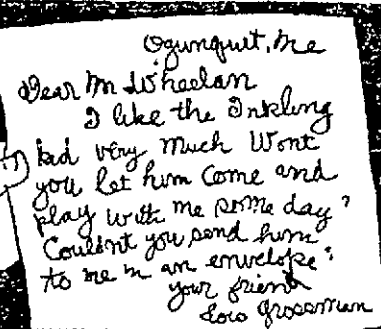

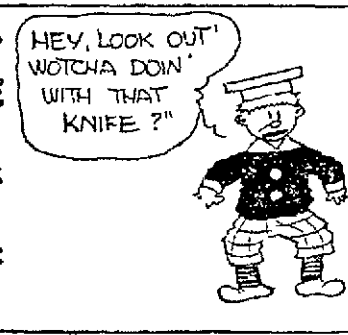

Reaching the forest, Uncle Wiggily looked about for a large birch tree, to which he would do little harm. He only took off a small piece of bark. For Beckie did not want a very large bonnet.

Finding the tree, Uncle Wiggily nibbled off a strip of bark. Then he sat down on a flat stump, while Beckie sat down on a log near him, and then the rab-

hit uncle began to make the bonnet. He turned the two edges of the bark together and fastened them in place with thorns from a brar bush. Over the ends of the thorns Uncle Wiggily placed acorns, so the sharp points wouldn't stick Beckie.

"That's the beginning of the bonnet," said Uncle Wiggily. The frame, so to speak. Now I must trim it."

He picked some ferns and twined them around the bark bonnet. Then he stuck on, in front, some green moss, fasten-

ing it there with sticky gum from the pine tree.

"Oh, how lovely! How perfectly lovely!" cried Beckie holding her paws under her chin. "May I try it on, Uncle Wiggily?"

"Not yet. I must put some strings on the bonnet so you can tie it under your chin," said the bunny.

He used pieces of thin grape vine for strings, and just as he had fastened them on the bonnet, all of a sudden there was loud crashing sound in the bushes,

and through them burst the Skillery Scallery Alligator.

"Boo! Boo!" bellowed the "Gator. "I'm in luck today! I have caught you, Uncle Wiggily." Hardly knowing what he was doing, Uncle Wiggily reached up and put Beckie's bonnet on his head. His ears stuck out on either side, his eyes went blinkie-blinkie, and his nose went twinkie-twinkie, while his ears went floppy-flippy.

The Alligator took one look at Uncle Wiggily, who was as funny as a clown in the circus,

and then the "Gator began to laugh.

"Ha! Ha! Ho! Ho! He! He!" giggled the "Gator. "Oh, how funny you look. Oh, I can't stop laughing. Oh! Ha! Ha! Ho! Ho! Tee! Tee!" And he laughed so hard at the funny sight of Uncle Wiggily in Beckie's bonnet, that "Gator did, that he got the hic-coughs. And he hic-coughed so much that he turned a back somersault, bumped his nose and then tears came into his eyes.

The laughter tears got mixed with the pain tears, and the

ODD FACTS

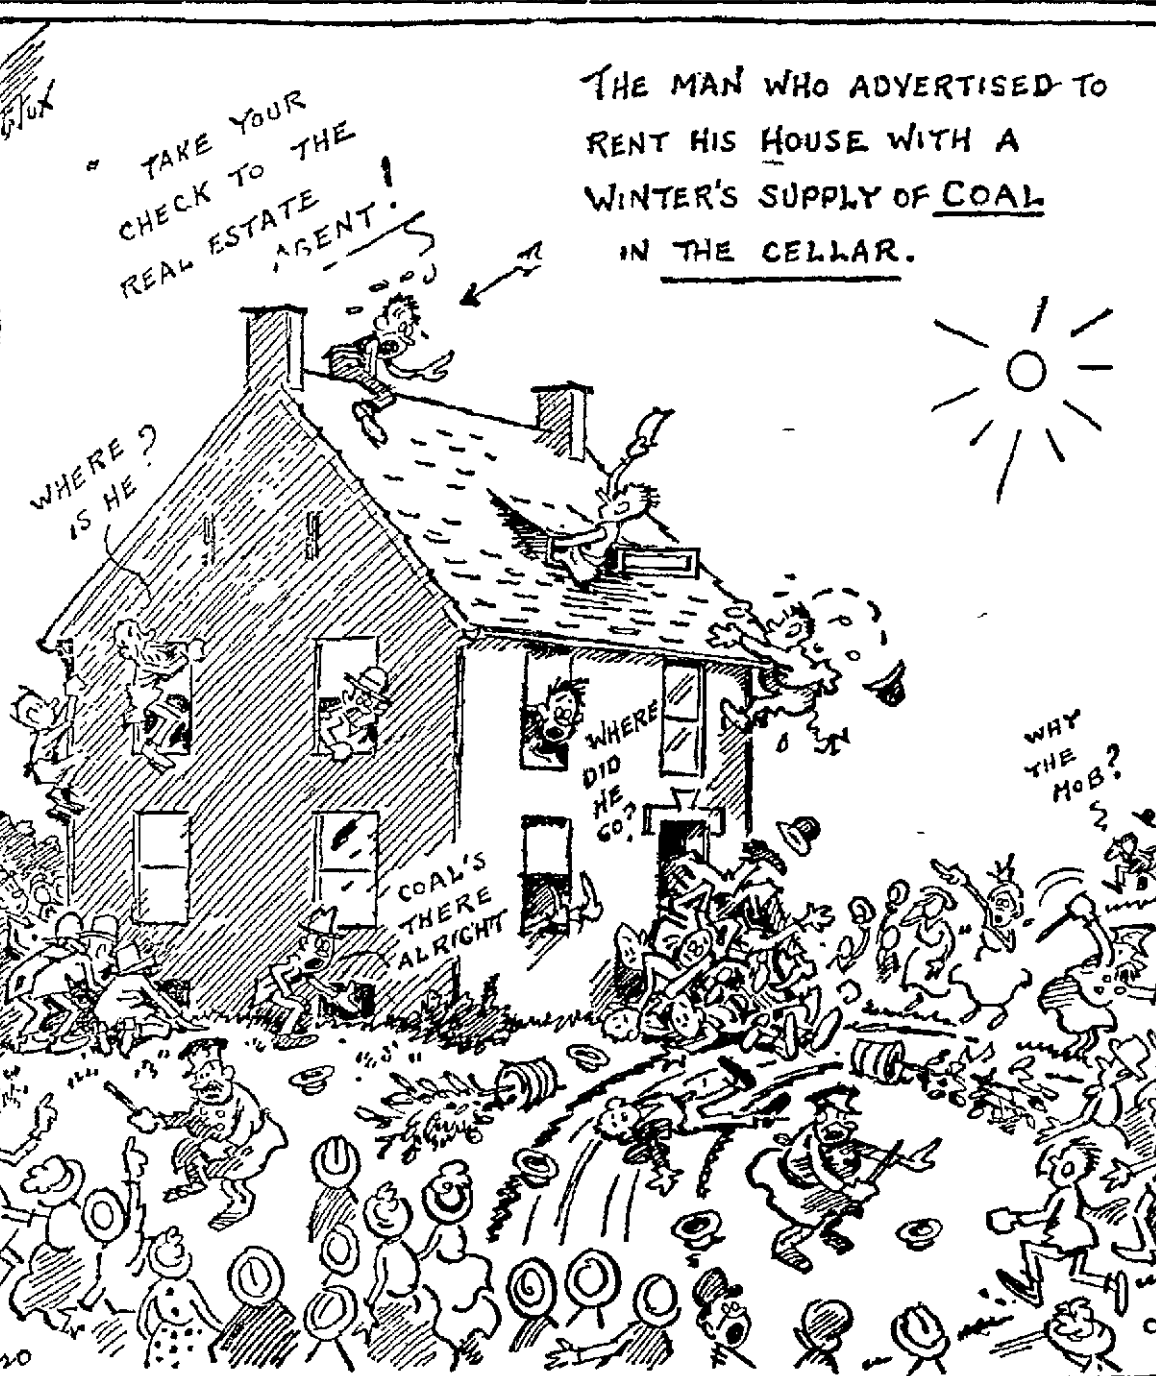

A Pole, still living at the age of 132, claims to be the only survivor of Napoleon's armies.

The American Indians are probably descended from immigrants from Asia by way of Alaska and the Aleutian islands.

The negro race is the only one in this country that has had an excess of females over males in almost every census.

Officers Elected

By Berkeley K. C.

BERKELEY, Sept. 20.—Berkeley Council No. 1499, Knights of Columbus, has elected the following officers: Grand knight, George F. Rose; deputy grand knight, Timothy J. O'Brien; chancellor, David J. Spowart; financial secretary, John M. Rowe; recording secretary, Thomas P. McCullough; treasurer, William F. Snyder; warden, Edward L. Heafey; inside guard, Bernard Fratus; outside guard, Cornelius J. Hayes; trustee, John W. Chute.

FIFTY YEARS AGO

A young man who practiced medicine in Pennsylvania became famous and was called in consultation in many towns and cities because of his success in the treatment of disease. This was Dr. Pierce, who finally made up his mind to place some of his medicines before the public, and moving to Buffalo, N. Y., put up what he called his Favorite Prescription, and placed it with druggists in every state.

Dr. Pierce's Favorite Prescription has long been recognized as a tonic for diseases peculiar to women. After suffering pain, feeling nervous, dizzy, weak and dragged-down by weakness of her sex—a woman is quickly restored to health by its use. Thousands of women testify that Dr. Pierce's Favorite Prescription has entirely eradicated their distressing ailments.

More recently that wonderful discovery of Dr. Pierce, called An-uric (for kidneys and backache), has been successfully used by many thousands who write Dr. Pierce of the benefits received—that their backache, rheumatism, and other symptoms of uric acid deposits in joints or muscles have been completely conquered by its use.

Send 10c to Dr. Pierce, Buffalo, N. Y., for trial pkg. of any of his remedies, or write for free medical advice.—Advertisement.

STUNT AWAITING RADIO FANS WHO OWN SPARK SETS

Tribune Seeks Name of Every Sending Apparatus Possessor in Eastbay.

Have you a spark set? If so, this will be of great interest to you.

If not, it will interest you just the same. The TRIBUNE wants the names of each member of The Oakland TRIBUNE Radio Club in the Eastbay region that has a transmitting (spark) set and has a government license.

In other words, there are some "big doings" coming for radio fans. Just what these "doings" will be, will be a mystery for a while, but if you belong to the O. T. R. C. and have a spark set, and want to get in on the ground floor of a real radio stunt, fill out the blank on this page and mail, or bring it to the radio editor.

The blank should be accompanied by a brief but accurate description of the type of sending station you have, power, etc. If you are not a member of the radio club but have a spark set and want to take part in the stunt which will be something absolutely new in amateur radio, join at once, and then make the report regarding your set.

To put this stunt over, The TRIBUNE must have the names of

His Conscience Troubled Him

"I know I have done wrong, please forgive me for not doing my duty, and writing you before. I am thankful to God for the good remedy He gave you, and would not try to \$500 for the first dose gave me. I have been bothered for many years with gas in my stomach and indigestion, but since taking May's Wonderful Remedy two years ago, have had no such trouble. It is a simple, reliable preparation that removes the catarrhal mucus from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at all druggists.—Advertisement.

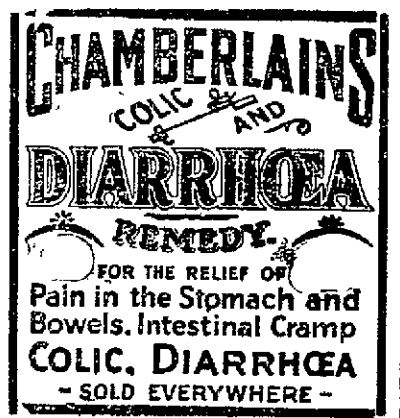

Make Hit With Jazz Program from KLX

Rex Glissman's orchestra which broadcast last night from 7:30 to 8:15 o'clock. The members are (first row, left to right), BILL SNOW, "SHORTY" ROACH, PHIL LAMPKIN, HEINE GENTRY. (Second row), BURT MARKOVITS, REX GLISSMAN, JACK HARRIS

practically all of the sending telegraph stations in the Eastbay district. The affair promises to be of interest to every radio fan—not only the ones who have sending sets.

It is something big. Something that has never been attempted before, and something that is bound to start the radio world talking. It will be a permanent proposition—not a demonstration which

I am O. T. R. C. Member No.

I have a transmitting (spark) set.

My Call is.

(Send description of set on separate piece of paper)

will be completed in a day or a week, but something which will go on indefinitely, and increase, as it continues.

Final plans for this demonstration are now being made. They have been gone over and checked up and each detail arranged, and each emergency provided for. However—

The only thing that remains is to get a large list of all of the "spark bugs" in the Eastbay—an every location.

If you have a sending station—and there are hundreds of members in this vicinity—fill out the blank and send it in at once. The quicker these names come into The TRIBUNE Radio Department, the quicker you will be let in on the "big secret."

Send in this information immediately.

U. C. Scientists Ready to View Eclipse of Sun

By W. W. CAMPBELL, Director Lick Observatory, University of California. (Copyright, 1922, by International News Service.)

WALLA, Australia, Sept. 20.—The Crocker expedition from Lick Observatory, University of California, has been here three weeks making preparations for observation of the total eclipse of the sun tomorrow.

All of the days so far have been beautifully clear and the chances for a clear sky for observation of the eclipse are excellent.

All of our instruments have been fully mounted and only the final adjustments are yet to be made.

All members of the party are well.

The total eclipse of the sun will be observed at Walla by the Crocker expedition, due to difference in time, at 12:30 eastern standard time tonight. The eclipse will not be visible in the United States. The main reason for the expedition's long journey to Walla, which is only a telegraph station located on what is known as Ninety-Mile Beach, a lonely strip of beach on the northwest coast of Australia, is to make observations which may determine once and for all the correctness of the Einstein theory of relativity.

The eclipse will last for a period of 5 minutes and 19 seconds, during which time five special cameras and five spectroscopes will record every phase of the eclipse. These were transported to Australia from San Francisco and special bases provided at Walla by the Australian government. Observations will also be made during the two minutes preceding the eclipse and two minutes immediately after it.

KZM

Hotel Oakland Station. DAILY 6:45 to 7:00—Broadcasting news furnished by The OAKLAND TRIBUNE.

SCOUTS WILL GET SHOW PROCEEDS

Oakland Boy Scouts will make a final effort to realize the \$25,000 quota of their campaign for more funds Thursday, September 28, when Herbert A. Harris, owner and manager of the Oakland Century Theater, will turn over the proceeds of his playhouse on that day to the general scout fund.

The announcement of this arrangement between the Scout leaders and Harris was made today by C. A. Withington, field executive of the Scouts, who has been in charge of the campaign.

Withington also announced that the campaign had been started some time ago to provide funds for the work conducted by the Scouts throughout the city, but that up to the present time \$23,000 had been raised. The campaign centered largely in the schools and the Scouts themselves were the moving factors in the drive, giving addresses on their organization before many civic and municipal organizations.

Harris has arranged a number of entertainment features for the day with the co-operation of Jack Russell, the musical comedian, and the Century company. Several troops of Scouts, under the leadership of Withington, will be present at the theater during the evening performance.

Berkeley Playground for Japanese Opposed

BERKELEY, Sept. 20.—There will be no playground for Japanese children on the block of land bounded by Shattuck avenue, Carlton, Milvia and Derby streets. A petition signed by more than 200 property owners in that vicinity protesting such a venture was presented to the city council yesterday. According to the protestants the leasing of the land for playground purposes is proposed by Japanese residents of Berkeley. No request for classification of the property for recreational uses has been made to the council by the Japanese as yet, but in the face of the strong opposition it was declared that the project would be frowned upon by the city officials.

Work Starts Soon On Telegraph Sewer

BERKELEY, Sept. 20.—Work on the construction of a storm sewer along Telegraph avenue as the first step toward the paving of that thoroughfare will be started soon. The contract for the construction of the sewer was awarded by the council yesterday to Michael Murphy as the lowest bidder. Murphy's bid was \$15,128.50. As soon as work on the sewer is completed preparations will be started for the paving of Telegraph avenue.

"Mother Why Not Try The Newer Form Of Iron"

And Be Strong and Well and Have Nice Rosy Cheeks Instead of Being Nervous and Irritable All the Time and Looking So Haggard and Old?

"The doctor gave me some of Susto Smith's mother and she was worse off than you are and now she looks just fine. There can be no healthy, beautiful rosy-cheeked woman without iron. Good physicians have strongly emphasized the fact that doctors should prescribe more of the newer form of iron—Nuxated Iron—for their nervous, run-down, weak, haggard-looking patients. When the iron goes from the blood of women the roses go from their cheeks, and strength and vitality from their bodies. This newer form of iron, like the iron in your blood and like the iron in certain green vegetables, is highly recommended to thousands who wish quickly to increase their strength, power and endurance. It is surprising how many people suffer from iron deficiency and do not know it. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you the proper amount of good. You don't get the strength out of it, and as a consequence you become weak, pale, and sickly-looking. But like plant life to grow in soil deficient in iron. You can tell the women with plenty of iron in their blood—rosy cheeks, eyes that sparkle, hair that is thick and wavy, and a healthy, happy, contented look. You can get Nuxated Iron from any drug store under an absolute guarantee that it will do the same for you or your money back. Owl Drug Co.—Advertisement.

RADIO

"The Oakland" hook-up breaks another WORLD'S RECORD for single tube sets. California heard concert in Georgia. Sentile came in clear and strong. Stations within 100 miles distinct as your telephone. The OAKLAND HONEYCOMB DETECTOR SET, including \$5.00 B battery and \$8.00 phone set, all enclosed in leatherette carrying case. \$42.50 (Cash or Terms)

OAKLAND RADIO LABORATORIES

Wireless Courses Private Classes

Western Radio Institute Room 146, Hotel Oakland Phone Lakeside 100

Here's Program For Inland and Bay Broadcasting

Following is the daily radio broadcasting schedule for both inland and bay broadcasting stations (All stations not otherwise designated are local):

10 to 11—Emporium. (KSL)
11 to 12—Hale Bros. (KPO)
12 to 1—Warner Bros.-Daily News. (KLS)
1 to 2—Fairmont Hotel-Bulletin. (KDN)
2 to 3—Herold Laboratories. San Jose (KQW)
3 to 4—Emporium. (KSL)
4 to 5—The Examiner. (KVO)
5 to 6—Kimball & Upson, Sacramento. (KFBK)
6 to 7—Hale Bros. (KPO)
7 to 8—Fairmont Hotel-Bulletin. (KDN)
8 to 9—Hale Bros. (KPO)
9 to 10—Hobrecht-Sacramento Bee. (KQV)
10 to 11—Hotel Oakland-Western Radio Institute. (KZM)
11 to 12—Fairmont Hotel-Bulletin. (KDN)
12 to 1—The Oakland TRIBUNE. (KLX)
THIS EVENING.
7:00 to 8:00—Gould, Stockton (KJQ)
8:00 to 8:15—Hale Brothers (KPO)
8:00 to 9:00—Hobrecht-Sacramento Bee. (KQV)
8:15 to 9:00—Herold Laboratories, San Jose (KQW).

MAN'S COLLAR BURNS.
ST. LOUIS, Mo.—John Strode's celluloid collar caught fire while he was lighting a cigarette. He was badly burned.

You'll Enjoy Working These Little Wonders In Your Home

IT'S surprising how much you can accomplish in beautifying your home with a little paint and work "that is really fun." Floors, woodwork, furniture, bric-a-brac and other home things are very easy to refinish when you know how. The reward in improved appearance is worth many times the cost and effort required.

We have a special "Home Service Paint Department" which devotes its time to telling women just how to refinish home things successfully. Just write this department, describing what you want to refinish and how you want it to look and our experts will tell you exactly how to do it. We make special paints, var-

nishes, enamels, wall finishes and stains for you to use. They are the finest materials of their kind that we know. We have been making these products for 73 years. Fuller's Free Advice and Fuller's Products will be very helpful to you in beautifying your home. Take advantage of them now.

Fuller's Home Service Paints

Manufactured by W. P. Fuller & Co.

Dept. 6, San Francisco

Pioneer Paint Manufacturers for 73 Years. Established 1849.

Branches in 19 cities in the West. Dealers everywhere.

WHERE TO BUY. Be sure and get the right material. The coupon below tells you where you can get Fuller's Products. Cut it out as a reminder.

Write us now a postcard for Fuller's "Home Service" Paint Book, which tells you just what to buy for every kind of painting. Send full description and get our free advice on any kind of painting you want to do.

For exterior jobs of painting it is advisable to obtain the services of a Master Painter.

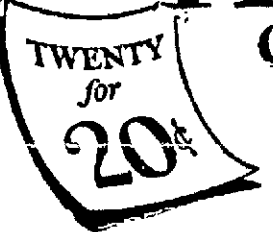

SAVE THE MEMO BELOW. CUT IT OUT AND PASTE IT IN YOUR NOTE BOOK.

Fuller's "Home Service" Paints are sold by the following in your city:

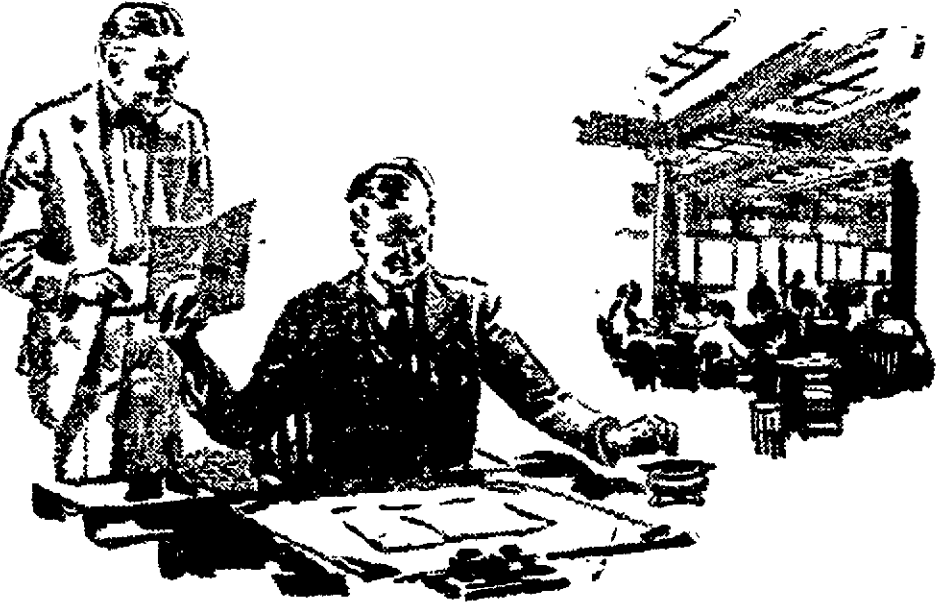

Ainsworth & Hamby, 335 Hignand ave., Piedmont.
Daniel G. Anderson, 3225 Adeline st., Berkeley.

R. C. & Co., 4799 Telegraph ave.
Peterson Bros., 1035 E. 14th st., Hayward.

There is no other cigarette of such quality at such a price.

FATIMA CIGARETTES

Always slightly higher in price than other Turkish Blend cigarettes—but—just taste the difference!

Let Fatima smokers tell you

NOTE: Like the few other big-selling brands, Fatima is a Turkish Blend cigarette—a blend of both Turkish and Domestic tobaccos. But Fatima differs from the others in that it contains a greater quantity and finer quality of Turkish tobacco—the reason both for Fatima's slightly higher cost and its greater delicacy of taste and aroma.

RECORDING ON 16mm FILM

Yes, and you may tell the whole wide world that I am at the Barrier, the Pole horse in this race, and your ticket on me reads \$20 for \$1. So when the starter gives the signal to go, just watch Julian step out in front and set the pace at

the Barrier, the fore horse in this race, and your ticket on me reads \$20 for \$1. So when the starter gives the signal to go, just watch Julian step out in front and set the pace at.

SANTA FE SPRINGS

THE "GUSHER" OIL FIELD OF AMERICA!

My boilers are already set, my rig is built, my fuel and water lines are laid. I am hauling a \$40,000 bill of new Rotary drilling equipment and casing to this property within the next few days. My fifteen picked "Bearcat" drillers are on their toes rigging up, and will soon be ready to start in the fastest race that ever was run to that 4000 barrel pay.

SUNDAY

I Will Announce the Closing Date of My Offer to You

Have you placed your bet on me to win? If not, do so today, for you might be too late and an opportunity that may never present itself to you again will have passed you by.

Folks, I am betting \$30,000 of real money right on the line with you and I know I am going to "Bring home the Bacon."

If you have a "hunch" that I am right, my advice to you is "play" that hunch, for I am absolutely positive that every dollar you shoot with me will bring you a return of at least 50% a month for a long, long time.

Don't wait until tomorrow. Mail your check to me today or, better still, run in and give me the pleasure of meeting you personally.

Ask the Citizens Trust and Savings Bank of Los Angeles about me.
